Western Power's proposed Access Arrangement revisions

PRESENTATION SLIDES – PUBLIC FORUM

The Economic Regulation Authority held a public forum on Western Power's proposed revisions to its Access Arrangement for the third access arrangement period on 14 November 2011.

The forum included presentations by Lyndon Rowe, Chairman of the ERA, Doug Aberle, Managing Director of Western Power and Greg Watkinson, Chief Executive Officer of the ERA. The purpose of the forum was to help interested parties understand Western Power's proposed revisions to the Access Arrangement for the Western Power Network and the ERA's process for considering the proposal. The forum also provided interested parties an opportunity to raise questions on Western Power's proposed revisions and on the ERA's process for assessing these revisions.

A copy of the presentation slides from the public forum are available on the ERA's [website](#).
