Synergy (Abn 71 743 446 839) Standard Electricity Terms and Conditions

1 Supply of electricity

We will sell electricity to *you* at the *premises* in accordance with these terms and conditions. These terms and conditions apply to the sale of electricity to all *residential customers* or *business customers* who pay the *standard price* for electricity.

2 Code of conduct

The *code of conduct* regulates the conduct of electricity retailers, network operators and electricity marketing agents. The *code of conduct* is designed to protect the interests of residential and small business users.

Matters covered by the *code of conduct* include electricity marketing, billing, connection, payment difficulties and financial hardship, disconnection, reconnection, pre-payment meters, information and communication, dispute resolution, record keeping and compensation payments to customers for breaches of the *code of conduct*.

If *you* are a customer who consumes not more than 160 megawatt hours of electricity per annum, we will supply electricity to *you* under this *contract* in compliance with the *code of conduct*. Accordingly, where these terms and conditions deal with a subject matter that is covered by the *code of conduct*, then we will act consistently with the relevant provisions of the *code of conduct*.

You can obtain more information about the *code of conduct* from *us* or the Economic Regulation Authority - www.erawa.com.au.

3 When the contract starts

The *contract* begins on the date and time we agree to supply electricity to *you* or at any earlier time when electricity is deemed by law to be supplied to *you* under these terms and conditions.

4 Charges and rebates

4.1 Standard price

You must pay to us the *standard price* that applies to you.

4.2 What are standard prices?

There are two main types of *standard prices* available: residential prices and non-residential prices.

In addition, there are also different types of residential prices and non-residential prices. Some examples of these are the business price, community service price and the charitable accommodation price.

Whether a particular *standard price* applies to you will depend on you meeting the eligibility conditions for that *standard price*.

For an explanation of the *standard prices* available and the eligibility conditions applying to those *standard prices*, please visit *our website* or call *us*.

If we change the *standard prices*, we will notify you of the changes in the *standard prices* by no later than *your next bill*.

4.3 Which standard price do you pay?

Your bill will show which *standard price* you are paying. Please advise *us* if you wish to choose a different *standard price* from the price appearing on *your bill*. If you meet the relevant eligibility conditions, we will change the *standard price* that applies to you to the *standard price* of *your choice*.

The new *standard price* will be effective from the date that *your meter* was last read. In some cases, *Western Power Networks* may need to adjust the *meter* at *your premises* or provide you with a new *meter* in order for us to provide you a different *standard price*. In that case, the new *standard price* will be effective when *your meter* is adjusted or *your new meter* has been installed by *Western Power Networks*. Please note that there may be a separate charge for *meter adjustments* and new *meters* in order for us to pay

Western Power Networks for the meter adjustments or new *meters*. For an explanation of these charges, please visit our website or call *us*. In the event of any delay in a *meter* adjustment or a new *meter* installation by *Western Power Networks* we shall have no liability for any loss (either direct or indirect) to *you* for that delay.

4.4 Eligibility conditions on standard price

It is *your* responsibility to assess if the *standard price* you are paying is appropriate for *your* circumstances based on eligibility conditions applicable to that *standard price*.

You must advise *us* as soon as possible if *you* no longer meet the eligibility conditions applying to the *standard price* that *you* currently pay.

If we discover that *you* are no longer eligible to receive the price that *you* currently pay, then we can advise *you* in writing of the new *standard price* that *you* must pay instead of the price that *you* currently pay.

If *you* are no longer eligible to receive a particular *standard price* because we no longer offer that *standard price* we will notify *you* on or before the date of the withdrawal and offer *you* an alternative *standard price*. In the event *you* do not nominate an alternative *standard price* then we can advise *you* in writing of the new *standard price* you must pay.

If *you* have been undercharged for *your* electricity supply because *you* were being charged at a *standard price* that *you* were not eligible to receive, then we can require *you* to pay to *us* the amount that *you* have underpaid for a period of up to 12 months prior to the date that we advise *you* of the new *standard price* or a longer period if the underpayment was directly attributable to *your* act or omission.

4.5 Rebates

If *you* are eligible for a *rebate* and *you* apply to *us*, we will provide that *rebate* to *you*. *You* can contact *us* if *you* have any queries about *your* rebate eligibility.

4.6 Eligibility conditions on rebates

If *you* are no longer eligible for a *rebate*, *you* must advise *us* as soon as possible.

If we discover that *you* are no longer eligible for a *rebate*, then we will advise *you* in writing that *you* will not be receiving any further *rebates*. We can also require *you* to pay to *us* the amount that *you* have underpaid for a period of up to 12 months prior to the date that we advise *you* that *you* will not receive the *rebate* or a longer period if the underpayment was directly attributable to *your* act or omission.

5 How we will calculate your electricity use

5.1 Basis of a bill

If we provide *you* with a bill based on an estimate because *you* failed to provide access to the *meter* and *you* later request *us* to replace *your* estimated bill with a bill based on an actual reading of *your meter*, we will use *our* best endeavours to do so if *you*:

- (a) pay *our* reasonable charge for reading the *meter*; and
- (b) provide due access to the *meter*.

Where a *meter* has been installed at *your premises* we use *meter* readings that are provided to *us* to prepare *your* bill. We will obtain metering data to prepare *your* bill consistent with clause 4.7 of the *code of conduct*. However, if we ask *you* or *Western Power Networks* asks *you*, *you* can agree to read the *meter* *yourself* and provide *Western Power Networks* or *us* with the *meter* readings for billing purposes (subject to validation and clause 4.7 of the *code of conduct*). Where a *type 7 connection point* exists we will bill *you* in accordance with the *metering code*.

In any event and provided a *meter* has been installed at *your premises*, we will use *our* best endeavours to ensure that *Western Power Networks* obtains metering data for *your premises* at least once every 12 months.

If we cannot reasonably base a bill on *Western Power Networks'* or *your* reading of the *meter*, then we will provide *you* with an estimated bill in accordance with the *code of conduct* and we will inform *you* in the bill that the bill was estimated. If *your* bill is estimated *you* can contact *us* and we will tell *you* the basis of that estimation and the reason for the estimation. If we have provided *you* with an estimated bill and we subsequently obtain an actual *meter* reading from *Western Power Networks* or *you*, then *your* next bill will be adjusted to take account of that *meter* reading.

5.2 You can request a meter test

You can ask *us* to test the *meter* to ensure that it is measuring accurately and we will arrange for *Western Power Networks* to test the *meter* if *you* first pay to *us* a *meter* testing fee. If we find that the *meter* is not measuring accurately, then we will refund the *meter* testing fee to *you*.

If the *meter* is not measuring accurately, we will also arrange for *Western Power Networks* to either repair or replace the *meter* at no charge to *you*.

By “accurate”, we mean the *meter* is measuring as accurately as the law requires.

6 Bills

6.1 When we will bill you

We will bill *you* in accordance with the *billing cycle* that we set for *our* customers from time to time. As an indication (and subject to the *code of conduct*), *our billing cycle* is no more than once a month and no less than once every three months, unless *you* have agreed otherwise.

6.2 Paying your bill

You must pay the total amount payable for each bill by the due date specified in that bill. The due date will be at least 12 *business days* from the date of the bill.

You can find out the range of payment options that you can choose from by referring to your bill, by visiting our website or by calling our customer service centre.

6.3 If you are having trouble paying

If you are having trouble paying your bills, please advise us. We will assess your request within 3 business days of your request and we will offer you assistance (for example, instalment plans) in accordance with the code of conduct and our payment difficulties and financial hardship policy if you qualify for that assistance.

6.4 If you do not pay your bill

- (a) If you do not pay the total amount payable for any bill by the due date, then we can:
- (1) send a *disconnection warning* to you; and
 - (2) subject to complying with clause 5.6 of the *code of conduct*, charge you a fee for each overdue account notice we send to you; and
 - (3) charge you interest on the amount you have not paid; and
 - (4) disconnect your electricity supply; and
 - (5) shorten your *billing cycle*.
- (b) If you do not pay the total amount payable for any bill after we send a *disconnection warning* to you, then we can refer your debt to a debt collection agency for collection and if we do so, you must pay any costs that we incur in connection with the recovery of the unpaid bill (including the agency's fees and legal fees).
- (c) If you pay a bill and the payment is dishonoured or reversed and, as a result, we have to pay fees to any other person, you must reimburse us for those fees.
- (d) If your account remains overdue for more than 60 days, we may give information about you to a credit reporting agency. This information will allow the credit reporting agency to create or maintain a credit information file containing information about you. The information that we disclose about you can include any of the following:

- (i) Identity details – *your* name, sex, address (and *your* previous two addresses), date of birth, name of employer and drivers licence number;
- (ii) Amounts that are overdue by more than 60 days and for which debt collection action has started;
- (iii) Advice that *your* payments are no longer overdue in respect of any default that has been listed;
- (iv) Information that, in *our* opinion, *you* have committed a serious credit infringement (that is, acted fraudulently or shown an intention not to comply with *your* credit obligations); and
- (v) Dishonoured cheques – a cheque drawn by *you* for \$100 or more which has been dishonoured more than once.

This information may be given before, during or after the supply of services to *you*.

6.5 Billing data

If *you* consume less than 50 MWh of electricity per annum, we will give *you* the billing data for the *premises* upon request. Unless we are required by law to provide this billing data to *you* free of charge, *you* must pay *us* a reasonable fee before we provide the data to *you*. For example, this information will be free of charge:

- (a) for the first request that *you* make in a year if the data requested is for a period less than the last 2 years, or
- (b) if *you* request the billing data in relation to a dispute with *us*.

If *you* have registered for *our* online services, *you* may be able to access this information directly from *our* website at no cost.

7 Reviewing your bill

7.1 Reviewing a bill

If *you* have a query about *your* bill and *you* ask *us* to review the bill, then we will review it.

In the meantime, *you* must pay to *us* the balance of the bill that is not being queried or an amount equal to the average amount of *your* bills over the previous 12 months (excluding the bill that *you* are querying), whichever is less. If *you* have any other bills that are due, then *you* must also pay those bills by the due dates.

If in accordance with clause 4.16 of the *code of conduct* you request *us* to review *your* bill, then we will review *your* bill and inform *you* of the outcome of the review as soon as we can and no later than 20 *business days* from the date we are taken to receive *your* request for *us* to review *your* bill.

If after a review of *your* bill:

(a) we are satisfied the bill is correct, we:

- (1) may require *you* to pay the unpaid amount; and
- (2) will advise *you* that *you* can ask *us* to arrange a *meter* test; and
- (3) will advise *you* of *our customer complaints policy* and any external complaints handling processes; or.

(b) we are satisfied the bill is incorrect, we will adjust the bill for any undercharging or overcharging (clause 7.2 explains how we do this).

7.2 Undercharging and overcharging

(a) If we undercharge *you* due to an error, defect or default for which we or *Western Power Networks* are responsible (including where the *meter* has been found to be defective), we can require *you* to make a correcting payment in accordance with clause 4.17 of the *code of conduct*.

(b) If we overcharge *you* due to an error, defect or default for which we or *Western Power Networks* are responsible (including where the *meter* has been found to be defective), then we will credit or repay *you* the overcharge in accordance with clause 4.18 of the *code of conduct*.

8 Electricity supply equipment and your equipment

8.1 Electricity supply equipment

The *electricity supply equipment* remains the property of Western Power Networks at all times and Western Power Networks is responsible for installing and maintaining the *electricity supply equipment*.

You must not do anything that will damage or interfere with the *electricity supply equipment* or use electricity in a way that interferes with that equipment.

“*electricity supply equipment*” means the *meter* (if any) for the *premises* and all wiring, apparatus and other equipment or works located upstream from the point that electricity leaves that *meter* or, if there is no *meter* for the *premises*, upstream from the *connection point* for the *premises* and which are used by *us* or by Western Power Networks for, or in connection with, the supply of electricity and any wiring, apparatus or other equipment or works belonging to *us* or Western Power Networks located downstream of the point that electricity leaves the *meter* for the *premises* or, if there is no *meter* for the *premises*, downstream of the *connection point* for the *premises* which are used by *us* or by Western Power Networks for, or in connection with, the supply of electricity.

8.2 Your equipment

You are responsible for keeping *your equipment* in good working order and condition.

“*your equipment*” means all wiring, apparatus and other equipment or works located at the *premises* which are used for, or in connection with, the supply or consumption of electricity, except any *electricity supply equipment*.

8.3 Prohibited activity

You must not and you must not allow anyone else to:

- (a) tamper with, bypass, circumvent or otherwise interfere with the *electricity supply equipment*, or do anything that will prevent *us* or *Western Power Networks* from accessing the *electricity supply equipment*;
- (b) use electricity in a way that interferes with the supply of electricity to anyone else;
- (c) use electricity in a way that interferes with the supply of electricity by *us* to *you*;
- (d) use electricity in a way that causes loss to *us* or anyone else;
- (e) contravene any applicable laws in relation to the use of electricity, use or operation of the *electricity supply equipment* or use or operation of *your equipment*; or
- (f) use a *connection point* to transfer electricity into the electricity network operated by *Western Power Networks* without our prior written consent and the prior written consent of *Western Power Networks*.

9 Moving premises

9.1 New electricity connection

If *you* move into the premises and it does not already have an existing electricity connection, then we will sell *you* electricity from the day that *Western Power Networks* connects the *premises* to the network and energises the premises.

9.2 Existing electricity connection

If *you* move into the *premises* and it has an existing electricity connection, then we will charge *you* for electricity supplied to the *premises* from the date that the *meter* at the premises was last read, unless *you* read the meter and advise *Western Power Networks* of the *meter* reading within 3 *business days* of the day that *you* move in. If a final *meter* reading was not taken, we will estimate the amount of electricity used by the previous occupant so we do not overcharge or undercharge *you*.

9.3 Moving out of the premises

- (a) If *you* move out of the *premises* and no longer wish to obtain an electricity supply at the *premises*, *you* must notify us:
- (1) of the date of *your* departure from the premises:
 - (A) if the *premises* are in any of the Albany, Bunbury, Geraldton, Kalgoorlie or Perth metropolitan areas, at least 3 business days before *you* move out; or
 - (B) if the *premises* are outside the metropolitan areas named above, at least 5 business days before *you* move out; and
 - (2) of an address where the final bill can be sent.
- (b) If *you* notify us as described in clause 9.3(a), and *you* move out of the *premises* at the time specified in *your* notice, then *we* will arrange a final *meter* reading on the day that *you* move out of the *premises* and issue a final bill to *you* for electricity consumed at the *premises* and other charges relating to *your* supply at the *premises* (including, for example, supply charges) up to the day *you* move out of the *premises*.
- (c) If *you* have demonstrated to *us* that *you* were evicted from the *premises* or were otherwise required to vacate the *premises*, *we* will not require *you* to pay for electricity consumed at the *premises* from whichever is the later of, the date *you* vacate the premises and the date that *you* notify *us* of the following:
- (1) the date that *you* vacated or intend to vacate the *premises*; and
 - (2) a forwarding address to which a final bill may be sent.

However, *we* may still charge *you* for other charges relating to *your* supply at the *premises* (including, for example, supply charges and *our* reasonable charges for reading the *meter*).

- (d) If *you* move out of the *premises* and no longer wish to obtain an electricity supply at the *premises*, and *you* have not notified *us* of that and of an address where

the final bill can be sent, at least 3 *business days* before you move out, then, subject to any applicable laws, we may require you to pay for our reasonable charges for reading the *meter* and for electricity consumed at the *premises* for up to a maximum of 5 days after you do notify us that you have moved out of the premises.

- (e) If you move out of the *premises* and no longer wish to obtain an electricity supply at the *premises* and you have given us at least 3 *business days* notice of the time of your departure from the *premises* and of an address where the final bill can be sent before you move out, then (despite the notice requirements in clause 9.3(a) and irrespective of whether the *premises* are within or outside the metropolitan areas named in clause 9.3(a)(1)(A) above) we may require you to pay for our reasonable charges for reading the *meter* and for the electricity consumed at the premises only up to the day you move out of the *premises*.

If your final bill is in credit after you have paid us all amounts payable under clause 9.3(b), (c), (d) or (e), then you can choose to have us credit your new account with this amount or repay the amount to you.

10 Access to the premises

- (a) You must let us or persons nominated by us (including *Western Power Networks*) have safe and unrestricted access to the premises when we need it and without having to give you notice, at all reasonable times and at any time in an *emergency*, for the purposes of the performance of our functions in relation to the supply of energy to you or, where *Western Power Networks* need access, for the purposes of the performance of their functions in relation to their *electricity* supply equipment, including:
- (1) to read the *meter*; or
 - (2) to inspect or work on the *electricity supply equipment*; or
 - (3) to disconnect your electricity supply; or

- (4) to inspect or work on *your* equipment; or
 - (5) for any other reason relating to the supply of electricity to the *premises*.
- (b) A person entering the *premises* on *our* behalf will clearly display identification that identifies the person as *our* employee or agent and show his or her identification to *you* if *you* ask to see it.
- (c) If *you* do not provide safe and unrestricted access to the *premises* for the purposes of a *meter* reading by *Western Power Networks*, we may request *you* to read the *meter* and provide the *meter* reading to *Western Power Networks*. If we make that request then *you* must read the *meter* and provide the *meter* reading to *Western Power Networks* within the timeframe specified in *our* request. This does not prejudice *our* rights and remedies in respect of *your* breach of clause 10(a)(1).
- (d) Nothing in this *contract* limits or excludes in any way the consent *you* are deemed to have given under section 46(9) of the *Energy Operators (Powers) Act 1979 (WA)* and this clause 10 is otherwise subject to clause 23.5 (which relates to the application of laws).

11 Persons dependent on life support equipment

11.1 Eligibility conditions on life support

You must advise us if *you* or a person residing at the *premises* is dependent on *life support equipment* and give us written confirmation from an appropriately qualified medical practitioner that the person requires *life support equipment* at the *premises*.

You must advise us as soon as possible if *you* or a person residing at the *premises* who is dependent on *life support equipment* vacates the *premises* or no longer requires *life support equipment*.

11.2 Interruptions

If *you* have advised *us* (or we are otherwise aware) that *you* or a person residing at the *premises* is dependent on *life support equipment*, then we will notify Western Power Networks so that Western Power Networks does not disconnect the *premises* for failure to pay a bill while the person requiring *life support equipment* continues to reside there or make any planned interruption to the electricity supply at the *premises* without giving *you* at least 3 days' written notice. However, in an *emergency*, we or Western Power Networks can interrupt *your* electricity supply without giving *you* prior notice.

It is therefore very important that *you* make suitable alternative arrangements (for example a back-up supply or alternative power source) to address the needs of any person residing at the *premises* who is dependent on *life support equipment*.

11.3 Disconnections

If *you* have advised *us* (or we are otherwise aware) that *you* or a person residing at the *premises* is dependent on *life support equipment*, then we cannot arrange to disconnect *your* electricity supply because *you* fail to pay *us* a bill by the due date while the person requiring *life support equipment* continues to reside at the *premises*.

12 Interruptions to your electricity supply

12.1 Emergency and other reasons

We can interrupt or disconnect *your* electricity supply at any time without notice to *you* in an *emergency*, if we are permitted or required by law or if Western Power Networks requires *us* to do so. We will use *our* best endeavours to turn *your* electricity on again as soon as reasonably practicable once it is safe to do so.

If we disconnect *your* electricity supply because that *emergency* was caused or substantially contributed to by *you* or anyone under *your* care, custody or control or who

was present at the *premises* with *your* permission, then we can charge *you* a fee for disconnecting *your* electricity supply and we can also charge *you* a fee for reconnecting *your* electricity supply. We will reconnect *your* electricity supply when *you* ask *us* to do so and we are satisfied that the emergency no longer exists and it is otherwise safe to reconnect *your* electricity supply.

12.2 Planned work on distribution system

We can interrupt or disconnect *your* electricity supply at any time if *Western Power Networks* needs to carry out planned work on a *distribution system*. *Western Power Networks* will advise *you* directly if it needs to carry out planned work.

12.3 Events beyond your control

If an *event beyond your control* occurs and prevents *you* performing any of *your* obligations under this *contract* to any extent, *you* must tell *us* as soon as reasonably practicable, and *you* are then not required to perform that obligation to the extent and for as long as *you* are prevented by that *event beyond your control*. However, *you* must pay *your* bill by the due date shown on the bill, even if an *event beyond your control* occurs.

12.4 Events beyond our control

If an *event beyond our control* occurs and prevents *us* performing any of *our* obligations under this *contract*, then we are not required to perform that obligation to the extent and for as long as we are prevented by that *event beyond our control*. If such an *event beyond our control* occurs and we consider it appropriate to do so, we may notify *you* of the *event beyond our control* by any reasonable means, including by a public announcement (for example, on television, radio or in a newspaper).

12.5 Disconnection due to your actions

We can arrange for *Western Power Networks* to disconnect *your* electricity supply, acting in accordance with clause 12.6 and any applicable laws, if:

- (a) *you* fail to pay a bill in full by the due date shown on the bill; or
- (b) *you* do not give *us* or *Western Power Networks* safe and unrestricted access to the *premises* or the *meter* at the *premises*; or
- (c) *you* commit a fraud relating to *our* supply of electricity to *you* at the *premises* or any other *premises*; or
- (d) *you* get electricity supplied to the *premises* illegally; or
- (e) *you* fail to keep *your equipment* in good working order or condition; or
- (f) *you* get electricity supplied to the *premises* in breach of this *contract*; or
- (g) *you* commit a substantial breach of any of *your* obligations under this *contract*; or
- (h) without limiting any of the above paragraphs, *you* breach any of *your* obligations under this *contract* where that breach is capable of remedy and *you* fail to remedy the breach within 10 business days of *us* requesting *you* to do so.

12.6 Things we must do before disconnecting your electricity supply

If we wish to disconnect *your* electricity supply because *you* fail to pay a bill within the meaning of clause 7.1 of the *code of conduct*, we will (subject to the *code of conduct*):

- (a) give *you* a *reminder notice* not less than 13 *business days* from the date that we sent *you* the bill; and
- (b) if *you* still have not paid *us* after the *reminder notice*, then give *you* a *disconnection warning* not less than 18 *business days* from the date that we sent *you* the bill, advising *you* that we will disconnect *you* on a day that is at least 5 *business days* after the date *you* are deemed to receive the *disconnection warning*; and
- (c) not disconnect *you* until at least 1 *business day* after the date that we say we will disconnect *your* electricity supply in the *disconnection warning*.

If we wish to disconnect *your* electricity supply because *you* fail to give us or Western Power Networks access to the meter at the premises, we will:

- (d) only disconnect *you* if *you* deny access for at least 12 consecutive months; and
- (e) give *you* at least a 5 *business days*' written notice:
 - (1) advising *you* of the next date or timeframe of a scheduled *meter* reading at the *premises*; and
 - (2) requesting access to the *meter* at the *premises* for the purpose of the scheduled *meter* reading; and
 - (3) advising *you* of our ability to arrange disconnection if *you* fail to provide access to the *meter*; and
- (f) use *our* best endeavours to contact *you*; and
- (g) give *you* an opportunity to offer reasonable alternative access arrangements; and
- (h) if *you* still have not given us or Western Power Networks access, give *you* a *disconnection warning* advising *you* that we will disconnect *you* on a day that is at least 5 *business days* from the day *you* are deemed to receive the *disconnection warning*.

Unless *you* have requested us to disconnect *your* electricity supply or we are required to disconnect *your* electricity supply due to an emergency, we will not arrange for disconnection:

- (i) if *you* have made a complaint directly related to the reason for disconnection to us, Western Power Networks, the *electricity ombudsman* (as defined in the code of conduct) or another external dispute resolution body and that complaint has not been resolved;
- (j) after 3.00 pm Monday to Thursday;
- (k) after 12.00 noon on a Friday; or
- (l) on a Saturday, Sunday, public holiday or on the *business day* before a public holiday except where Western Power Networks has arranged for a planned interruption under clause 12.2,

unless

- (m) *you* are a *business customer*; and
- (n) *your* normal trading hours fall within the time frames set out in paragraphs (j), (k) or (l) and do not fall within any other time period; and
- (o) it is not practicable for *us* or *Western Power Networks* to arrange for disconnection at any other time.

12.7 Reconnection of electricity supply

If *your* electricity supply is disconnected under clause 12.5, then *we* will arrange for *Western Power Networks* to reconnect *your* electricity supply when *you* ask *us* to reconnect *your* electricity supply and *we* are reasonably satisfied that the circumstances giving rise to the disconnection no longer exist.

For example, the circumstance giving rise to the disconnection may no longer exist because *you* provide access to the *premises* and the *meter* at the *premises* or *we* are reasonably satisfied that *you* cannot continue to obtain *your* electricity in the unauthorised way and *you* have paid all amounts owing to *us* under this *contract* (or agreed with *us* an arrangement to pay them).

Before *we* arrange for *Western Power Networks* to reconnect *your* electricity supply under this clause 12.7, *you* must pay *us*:

- (a) all reasonable costs *we* incur in disconnecting *your* electricity supply; and
- (b) a fee for reconnecting *your* electricity supply under this clause 12.7 or accept an instalment plan for *our* fee for reconnecting *your* electricity supply under this clause 12.7; and
- (c) for all electricity that *you* used (or which *we* estimate that *you* used) and have not paid for (except to the extent *you* have agreed *our* offer for *you* to repay the debt via an instalment plan or other payment arrangement).
- (d) If *we* are obliged to reconnect *your* electricity and *you* ask *us* to reconnect *your* electricity at a time:

- (e) before 3.00pm on a *business day*, then we will forward *your* request to *Western Power Networks* on that day; and
- (f) after 3.00pm on a *business day* or on a day that is not a *business day*, then we will forward *your* request to *Western Power Networks* no later than the next *business day*.

12.8 Consequences of disconnecting your electricity supply

If *Western Power Networks* disconnects *your* electricity supply at *our* request under clause 12.5, then:

- (a) we can, or we can arrange for *Western Power Networks*, to remove or physically disconnect the *meter* at the same time that the supply of electricity to *you* is disconnected, or at a later time; and
- (b) we can charge *you* a fee for removing or physically disconnecting the *meter* and replacing or physically reconnecting the *meter*; and
- (c) *you* must not reconnect the electricity supply.

12.9 Reporting illegal use

If we think *you* have used, or are obtaining, electricity illegally, then we can advise the Director of Energy Safety, *Western Power Networks* and the Police (as appropriate) and give them any information that we have in relation to *your* electricity use.

13 Electricity supply

13.1 The nature of the electricity supplied to you

In order to sell electricity to *you*, we ask *Western Power Networks* to deliver the electricity through the electricity network.

The electricity network is operated by *Western Power Networks* and we cannot control the way in which *Western Power Networks* operates the electricity network.

For example, we cannot control the quality, frequency or continuity of electricity being supplied to *you* through the electricity network.

As a result, the electricity supplied to *you*:

- (a) may not be free from interruptions or fluctuations and may fluctuate in quality from time to time;
- (b) will be of the quality of electricity contained in the electricity network; and
- (c) may not suit *your* specific needs if, for example, *you* have specific goods or equipment at *your* premises that require a continuous electricity supply free from interruptions or fluctuations in supply or fluctuations in quality.

There are things *you* can do to minimise the impact of these interruptions, fluctuations and other supply limitations so that *you* can protect *your* property and interests.

For example, in the case of an unexpected, prolonged power outage affecting *your* refrigerator/freezer contents, *you* may be reasonably able to minimise *your* loss (depending on the circumstances) by asking a friend/neighbour if *you* can use their refrigerator/freezer (if they are not affected by the outage) or by obtaining bagged ice from *your* local service station or other outlet. If those or similar options would not be reasonably available to *you* in that situation, then *you* should consider if the value of the contents of *your* refrigerator/freezer (such as important medicines or expensive foods, wines or other produce) means they are worth protection by some other, possibly more substantial and reliable means that *you* could reasonably put in place (such as a back-up power supply).

You are best placed to know *your* particular needs and how best to protect them. So, if *you* do have particular needs or specific goods or equipment that require a continuous electricity supply free from interruptions or fluctuations in supply or fluctuations in quality, then *you* should take reasonable care to ensure *you*:

- (a) address *your* particular needs, including making suitable alternative arrangements (for example, a back-up supply or alternative power source);
- (b) protect persons, property, goods and equipment at the *premises* from any loss, harm or damage that arises if the electricity supplied to *you* is not free from interruptions or fluctuations in supply or fluctuations in quality (for example, installing surge protection devices for sensitive equipment); and
- (c) otherwise do what *you* reasonably can to mitigate *your* loss arising from any interruptions or fluctuations in supply or fluctuations in quality.

Further, as electricity is by its nature inherently dangerous (including risks of fire and electrocution) *you* must take care in relation to *your* use and treatment of electricity supplied. *You* must only use electricity with appropriate wiring, fittings, appliances and installations that comply with applicable laws and relevant safety standards (including as regards to their proper installation, use and maintenance) and in accordance with the instructions for safe use provided by the manufacturer or a licensed electrician. For more information on electricity safety please contact EnergySafety – Department of Commerce.

13.2 Operation of the electricity network

As an electricity retailer, we are not responsible for matters relating to the operation of the electricity network. However, to assist *you* when *you* raise a concern with *us* about *your* electricity supply, we can:

- (a) supply *you* with a copy of the distribution standards if *you* pay *us* a *fee*; and
- (b) respond to a request about changes in the quality of *your* electricity supply that exceed the distribution standards; and
- (c) advise *you* about things *you* can do to avoid interfering with electricity network equipment or another person's electricity supply; and

(d) forward *your* concerns to *Western Power Networks*.

For more information about how you can raise a concern with *us* about *your* electricity supply, visit *our* website or call *our* customer service centre.

14 Liability

14.1 We will not compensate you for all your loss

Subject to clause 14.3, we will not be liable to *you* for any loss, damage or liability of any kind (including without limitation any *excluded loss*) arising from or in connection with all or any of the following:

- (a) any loss or curtailment of or interruption or delay in *your* electricity supply (including any delay in connection, disconnection or reconnection of *your* electricity supply), any surge in electricity supply or *us* failing to supply electricity meeting any particular quality or quantity; or
- (b) *our* breach of *contract*, *our* breach of statutory duty, *our* negligence or otherwise, with the exception that if *you* are an individual purchasing electricity for a *private purpose* we will be liable to *you* for any *direct loss* you suffer arising from *our* breach of *contract*, *our* breach of statutory duty, or *our* negligence.

Paragraphs (a) and (b) above are separate limitations, independent of each other and neither of them prejudices or limits the other of them in any way.

Although we, as a retailer of electricity, are not responsible for the above matters (other than as set out in paragraph (b)), if *you* ask *us*, we will raise concerns that *you* may have in relation to *your* electricity supply with *Western Power Networks*. *You* may also be eligible for a payment from *Western Power Networks* in certain circumstances under the *Electricity Industry (Network Quality and Reliability of Supply) Code 2005*. *You* can obtain more information about this payment by contacting *us* or *Western Power Networks*.

14.2 Indemnity

You are liable for, and must indemnify *us* fully against all and any loss or damage of any kind caused by, consequent upon, or arising out of any acts or omissions on *your* part in relation to:

- (a) *your* breach of any term of this *contract*;
- (b) *your* breach of any applicable laws; or
- (c) *your* negligence, fraud, theft or other wrongful act or omission,

but only to the extent that such loss or damage was reasonably foreseeable as a possible consequence of *your* breach, negligence, fraud, theft or other wrongful act or omission.

This indemnity is without prejudice to any other right or remedy *we* have and survives termination of this *contract*.

14.3 Limitation in relation to consumer guarantees

If *you* are a *Consumer*, *we* may be taken to have given *you* certain consumer guarantees under the *Australian Consumer Law* about the supply of goods (including electricity) or services to *you*. If *we* fail to comply with those consumer guarantees, then *you* may have statutory rights against *us* under the *Australian Consumer Law* that *we* are prohibited by law from excluding, restricting or modifying.

Nothing in this *contract* is to be taken to exclude, restrict or modify:

- (a) any rights of recovery or to compensation *you* may have under the *Australian Consumer Law*;
- (b) any other rights of recovery or to compensation *you* may have under law, including, for example, under the *code of conduct*; or
- (c) any other condition, warranty or guarantee (including the application of any consumer guarantee under the *Australian Consumer Law*),

to the extent that *we* are prohibited by law from excluding, restricting or modifying them.

All other conditions, warranties and guarantees (including any rights of recovery or to compensation), whether or not implied by law, are, to the extent permitted by law, excluded.

Where any electricity supplied under this *contract* is not a good of a kind ordinarily purchased for personal, domestic or household use, *our* liability for breach of any consumer guarantee applicable to *our* supply of electricity under the *Australian Consumer Law*, to the extent that it is permitted by law, is limited to any one of the following determined by *us*:

- (a) the supply of equivalent electricity; or
- (b) the payment of the cost of acquiring equivalent electricity.

15 Confidentiality of your information

(a) Unless we are permitted to do otherwise under this *contract*, we will use and otherwise deal with *your* information and keep it confidential, subject to and consistent with *our privacy policy*. In particular, but without limiting the above, we will keep *your* information confidential unless:

- (i) we have *your* prior written consent; or
- (ii) the law (including the National Privacy Principles and any regulatory, accounting, governmental, Ministerial or stock exchange requirement) requires or permits *us* to disclose it; or
- (iii) we need to use the information for *our* regulatory reporting or compliance, or in any legal or regulatory proceedings; or
- (iv) the information is already in the public domain; or
- (v) we believe *you* have obtained or used electricity illegally and, as a result, we provide relevant information to the Economic Regulation Authority or the Director of Energy Safety or the Police (as appropriate); or
- (vi) we use the information for business purposes.

- (b) We respect *your* privacy and will ensure *our* privacy policy is consistent with the *Privacy Act 1988* [Cth] and *National Privacy Principles*. A copy of *our* privacy policy is available on *our* website (www.synergy.net.au).
- (c) You agree to the above arrangements, including to the terms of *our* *privacy policy* and any use or disclosure of *your* information which is required or permitted by this *contract*, *our* *privacy policy*, the *National Privacy Principles* or any other law.

16 Complaints

If *you* wish to raise a complaint concerning *our* performance or *your* electricity supply, we encourage *you* to contact *us* to discuss the issue and we will deal with that complaint subject to and in accordance with *our* *customer complaints policy*. We will ensure *our* *customer complaints policy* complies with the Australian Standard on Complaints Handling [AS ISO 10002:2006] as amended and in force from time to time. If *you* ask *us* we will make available or send *you* a copy of *our* *customer complaints policy* at no cost. A copy of *our* *customer complaints policy* is available on *our* website (www.synergy.net.au). You agree to the above arrangements, including to the terms of *our* *customer complaints policy*.

17 Information

17.1 We will provide you with information

If *you* wish to obtain further information about the *contract* or the supply of electricity, please contact *us*. If *you* request it, we will provide *you* with:

- (a) information on the *standard price* and *our* other fees within 8 business days of the date of receipt of *your* request (where “date of receipt” has the meaning given to that term in the *code of conduct*); and
- (b) general information on energy efficiency, including how *you* may arrange for an energy efficiency audit of the *premises* and the typical running costs of major domestic appliances; and

- (c) information on the distribution of electricity; and
- (d) information on the types of *concessions* available to you; and
- (e) any other information we said we would provide you in this *contract*.

Unless we are legally required to provide the information free of charge, we will charge you a reasonable fee.

17.2 You must provide us with information

- (a) You must provide us with information we reasonably require for the purposes of this *contract*. For example without limitation, we may need personal details necessary to establish your identity or a *concession* on your account, determine tariff eligibility or verify that *life support equipment* is required at your *premises*. All information must be correct, and you must not mislead or misrepresent the information you provide to us. We have rights if information you provide is incorrect, misleading or deceptive.
- (b) In accordance with applicable laws we may disclose information to state and federal government agencies, regulatory authorities or agencies with statutory functions for the purposes related to this *contract*. Such information includes but is not limited to your personal details relating to *concessions* or *life support equipment*.

17.3 Change of information

You must tell us if information you have provided to us changes. For example without limitation, you must advise us as soon as possible if:

- (a) there is a change in your contact details or the address to which your bills are to be sent; or
- (b) you change something at the *premises* which makes our access to the *meter* more difficult; or
- (c) you become aware of any problem with the *electricity supply equipment* which is at, or reasonably close to, the *premises*.

18 Ending the contract

18.1 When the contract ends

- (a) This *contract* will continue until *you* end the *contract* or we end the *contract* under clause 18.
- (b) If *you* end this *contract* because *you* enter into a new contract for the supply of electricity with *us*, this *contract* ends on the expiry of the cooling off period (if applicable) specified in the new contract.
- (c) If *you* end this *contract* because *you* enter into a contract for the supply of electricity with another retailer, this contract ends when we receive notification from *Western Power Networks* that *your premises* have been transferred to the other electricity retailer in accordance with the *customer transfer code*.

18.2 When you can end the contract

You can end the *contract* at any time by advising *us* at least 5 days before the day *you* want the *contract* to end.

18.3 When we can end the contract

We can end the *contract* by giving *you* prior notice if *you*:

- (a) become insolvent (as defined in the *Corporations Act 2001* (Cth)); or
- (b) have a liquidator appointed; or
- (c) become bankrupt (as defined in the *Bankruptcy Act 1966* (Cth)); or
- (d) commit a substantial breach of any of *your* obligations under this *contract*; or
- (e) breach any of *your* obligations under the *contract* for which we have a right under the *contract* or a written law to disconnect supply; or
- (f) cease to be either a *residential customer* or *business customer*; or
- (g) cease to be eligible for a *standard price*; or

(h) without limiting any of the above paragraphs, breach any of *your* other obligations under this *contract* where that breach is capable of remedy and *you* fail to remedy the breach within 10 *business days* of *us* requesting *you* to do so.

We can end the *contract* without giving *you* prior notice if *you* vacate the *premises* and after reasonable enquiry we are satisfied *you* no longer occupy or reside at the *premises*.

18.4 What happens after a contract ends

If the *contract* ends:

- (a) We may arrange for a final meter reading and for disconnection.
- (b) We may issue a final bill to *you*.
- (c) We can charge *you* a fee for the final meter reading, disconnection and final bill, subject to the provisions of any written law.
- (d) We can remove the *electricity supply equipment* at any time and *you* must let *us* have safe and unrestricted access to the *premises* to allow *us* to do so.
- (e) *You* will remain liable to pay any outstanding payments to *us* and we will have no further obligation to supply electricity to *you*.

19 Security for payment of bills

- (a) We can require *you* to provide security from time to time. Usually, security would be in the form of a cash deposit or a bank guarantee.
- (b) If *you* provide security we will keep the security in a separate trust account and identify it separately in *our* accounting records; and use and refund the security in accordance with all applicable laws.

20 GST

(a) In this clause:

- (1) **GST** has the meaning given to that term in the *GST Law*.

- (2) **GST Law** has the meaning given to that term in *A New Tax System (Goods and Services Tax) Act 1999* (Cth).
- (3) **adjustment note, recipient, supplier, tax invoice** and **taxable supply** have the meanings given to those terms in the *GST Law*.
- (b) All sums payable, or consideration to be provided, under the *contract* are expressed inclusive of *GST*.
- (c) If there is a *taxable supply* under or in connection with the *contract*, then the *recipient* must pay to the *supplier* an amount equal to the *GST* payable on the *taxable supply* in addition to, and at the same time as, payment for the *taxable supply* is required to be made under the *contract*.
- (d) The *supplier* must provide a *tax invoice* (or an *adjustment note*) to the *recipient* in respect of the *taxable supply* and the obligation of the *recipient* to pay the *GST* on a *taxable supply* is conditional on the *supplier* providing a *tax invoice* or *adjustment note*.

21 Adjustments for a change in law and network access costs

- 21.1** To the extent permitted by law, if a *change in law* occurs we may adjust the *standard price* applicable under the *contract* to the extent necessary to place us in the position we would have been in under the *contract* had it not been for the *change in law*.
- 21.2** To the extent permitted by law, if a change in *network access tariffs* occurs, or a new *network access tariff* is imposed, we may charge you an amount to the extent necessary to reflect that proportion of the effect of the new *network access tariff* or change in *network access tariffs*, which we estimate in good faith is fairly attributable to or payable by you, taking into account the amount of electricity we supply to you.
- 21.3** To the extent permitted by law, if you change the rate at which you use electricity, we may adjust the *standard price* applicable under the *contract* to the
