Decision

1. Pursuant to section 22 of the *Electricity Industry Act 2004 (Act)*, the Economic Regulation Authority (**Authority**) has amended CleanTech Energy Pty Ltd's (**CleanTech**) Electricity Retail Licence No. 24 (**ERL24**).

Reasons

1. On 18 August 2015, ERL24 version 1 was granted to authorise the sale of electricity to small use customers. The licence area map for ERL24 was assigned a reference number that had already been allocated to another licence area map.
2. The reference number assigned to a licence area map cannot be reused. To remove the duplication, the Authority has amended ERL24 to allocate a new reference number to the licence area map.
3. CleanTech was notified of the proposed amendment and given 15 business days to comment on the amendment. CleanTech has advised that it supports the proposed amendment.
4. This is a minor amendment, so the Authority considered it unnecessary to undertake public consultation on the amendment.
