Submission

1. Please provide your views on the proposal, including any objections or suggested revisions.

Synergy supports Rule Change Proposal RC_2010_19, which acts to amend the Market Rules to reflect the current process for adjusting settlements. Synergy is happy with the current Adjustment Process employed by the IMO and the shortened settlement cycle timeline of 11 months.

2. Please provide an assessment whether the change will better facilitate the achievement of the Market Objectives.

Synergy agrees with the IMO that the Rule Change Proposal is consistent with the Market Objectives.

3. Please indicate if the proposed change will have any implications for your organisation (for example changes to your IT or business systems) and any costs involved in implementing these changes.

Synergy would not require any changes to IT or business systems, nor incur any organisational costs as a consequence of adopting the proposed change.

4. Please indicate the time required for your organisation to implement the change, should it be accepted as proposed.

Synergy would be able to implement this rule change immediately.
