Submission

1. Please provide your views on the proposal, including any objections or suggested revisions

LGP supports the Rule Change Proposal on the grounds that it corrects a manifest error; generators should receive constrained-on payments rather than pay them.

2. Please provide an assessment, whether the change will better facilitate the achievement of the Market Objectives

LGP considers that the Rule Change is necessary to maintain the integrity of the market rules and is consistent with all the Market objectives.

3. Please indicate if the proposed change will have any implications for your organisation, (for example changes to your IT or business systems) and any costs involved

Not applicable

4. Please indicate the time required for your organisation to implement the change, should it be accepted as proposed
