**1. Please provide your views on the proposal, including any objections or suggested revisions**

Community Electricity supports the Rule Change Proposal on the grounds that the Market Rules should properly describe and govern all necessary market activities, and the subsidiary Market Procedures should be harmonious with both the Market Rules and actual practice.

---

**2. Please provide an assessment, whether the change will better facilitate the achievement of the Market Objectives**

Community considers that the Rule Change is required to preserve the integrity of the Market Rules. We consider that it is consistent with all the Market Objectives.

---

**3. Please indicate if the proposed change will have any implications for your organisation, (for example changes to your IT or business systems) and any costs involved**

The proposal has no implications for Community.

---
