#### Submission

---

#### 1. Please provide your views on the proposal, including any objections or suggested revisions

LGP supports the Rule Change on the grounds that the IMO's proper role is not concerned with approving the issue of the a Market Rule Procedure change, but rather to approve the substance of the resulting Market Procedure.

---

#### 2. Please provide an assessment, whether the change will better facilitate the achievement of the Market Objectives

LGP supports the IMO's contention that the Rule Change proposal is consistent with all the market objectives. We further perceive that it enhances the integrity of the Market Rules.

---

**3. Please indicate if the proposed change will have any implications for your organisation, (for example changes to your IT or business systems) and any costs involved**

LGP would incur no organisational costs as a consequence of adopting the change.

---

**4. Please indicate the time required for your organisation to implement the change, should it be accepted as proposed**

LGP would be able to implement this Rule Change immediately.
