Mr Paul Reid
Assistant Director – Utility Services Regulation
Economic Regulation Authority
PO Box 8469
Perth BC WA 6849

Dear Mr Reid

HARVEY WATER – APPLICATION TO AMEND LICENCE WL31

Thank you for the opportunity to comment on the application by Harvey Water to amend its water services licence WL31.

We have noted that Harvey Water is seeking to amend its licence and operating area to allow it to supply potable (drinking) water to the Kemerton Industrial Park.

The Department of Health (DOH) does not object to this licence amendment, provided that:

- water for this purpose is sourced from the Leederville aquifer;
- any potable water supply licence that is granted incorporates provisions requiring the licensee to enter a Memorandum of Understanding with the DOH about drinking water; and that
- those provisions are consistent with the content of other potable water supply licenses previously granted by the Economic Regulation Authority.

If you need further information, please do not hesitate to contact Mr Richard Theobald, Managing Scientist – Water, on (08) 9222 6409.

Yours sincerely

Dr Michael Lindsay
EXECUTIVE DIRECTOR
ENVIRONMENTAL HEALTH DIRECTORATE
