Dear Mr Andric,

Exemption application – Yurralyi Maya Pipeline (PL 78)

Your application for an exemption under Part 23 of the *National Gas Rules*, as applied in Western Australia, for the Yurralyi Maya Pipeline (PL 78) has been assessed by the Economic Regulation Authority (ERA).

The ERA has decided to grant Category 1 and 2 exemptions for the Yurralyi Maya Pipeline. The exemptions are valid from 17 November 2023 to 31 December 2028.

Yurralyi Maya Pipeline is exempt from the operation of Division 3 and Division 4 and obligation to publish information under Division 2 of Part 23 of the *National Gas Rules (WA)*.

The exemptions may be varied or revoked at any time, in accordance with provisions in the *National Gas Rules (WA)*.

Hamersley Iron Pty Ltd must still comply with all other provisions in the *National Gas Rules (WA)* not covered by these exemptions.

As required under Rule 585(8) of the *National Gas Rules (WA)*, please notify the ERA without delay if circumstances change such that the pipeline no longer qualifies for the exemption granted.

The ERA is required to establish, publish and maintain a register of exemptions. Your application will be published on the ERA's [website](#).

Please contact Tyson Self on 08 6557 7900 if you have any questions on this matter.

Yours sincerely
