Note for this subclause:

Under section 26(7), as applied by section 27(5), a provision of this code is of no effect to the extent to which it is inconsistent with a provision of the Act or another written law. For example, a provision of this code is of no effect to the extent to which it is inconsistent with a provision of the *Local Government Act 1995*, or regulations or local laws under that Act, in relation to a licensee that is a local government or a customer of a licensee that is a local government.

- (2) If charges do not apply for the provision of a water service to a customer by a licensee, the application of this code to the provision of the water service is modified as follows —
- (a) Parts 3 and 4 and clauses 37 to 41, 43(1), 52(1)(a), (b), (c), (g) and (h) and (2)(a) to (e) and 55 do not apply;

- (2) Subclause (3) applies if the licence of a licensee (the *relevant licensee*) is one to which Schedule 1 clause 10(1) of the Act applies.
- (3) If an agreement between the relevant licensee and a customer that was in effect on 18 November 2013 and remains in effect has provisions that are inconsistent with this code in relation to

- (6) Despite subclauses (4) and (5), at least once in every 12-month period a bill for usage based on a meter reading must be issued.

- (7) However, subclause (6) does not apply if the licensee —
  - (a) is satisfied that the customer has failed to comply with the *Water Services Regulations 2013* regulation 24(1) in relation to the meter that is required to be read; and

**15. Information on bills if charge per kL varies depending on volume supplied**

- (1) In this clause —

*consumption year*, for a customer, means —

  - (a) if the *Water Services (Water Corporations Charges) Regulations 2014* apply to the licensee — the period determined under those regulations as the consumption year for the land where the place at which water is supplied to the customer is located; or
  - (b) in any other case — the period notified by the licensee to the customer as the customer's consumption year;

*tariff* means the charge per kL of water supplied.
- (2) This clause applies to a bill for usage if —
  - (a) the amount of water supplied to a customer during a consumption year is divided for charging purposes into 2 or more volumetric ranges; and
  - (b) tariffs differ for water supplied within different volumetric ranges.

Examples of volumetric ranges for paragraph (a):

1. up to 150 kL.
  2. over 150 kL but not over 350 kL.
- (3) Each bill for usage to which this clause applies must, in addition to the requirements of clause 13, contain the following information —
- (a) the tariff for each volumetric range within which water has been supplied to the customer;
  - (b) how much more water the customer can be supplied with before supply will start to be in the next volumetric range;
  - (c) the tariff for the next volumetric range;
  - (d) the day on which, or the month during which, the customer's next consumption year starts, which is when the tariff for water supplied to the customer will revert to the lowest tariff.

**16. Requested meter readings, revised bills: licensee's obligations**

- (1) In the case of a metered water service, the licensee must provide to the customer on request either or both of the following —

  - (a) the meter is not operable; or
  - (b) a fee that applies to providing the reading or bill has not been paid.

**17. Leaks**

- (1) In this clause —

**customer's system** means any fitting, fixture or pipe for which a customer, or the occupier of land owned by a customer, is responsible for the purposes of section 92(1).

**cl. 18**

---

- (2) A licensee must have a written policy, standard or set of guidelines in relation to the granting of a discount to a customer whose meter reading indicates a water usage that is higher than normal for the customer but is likely to have been wasted because of a leak from the customer's system.
- (3) The policy, standard or guidelines must be publicly available.

**18. Undercharging in bills**

- (1) A licensee may recover from a customer an amount (the *undercharged amount*) that has not been, but could have been, the subject of a bill.
- (2) The undercharged amount cannot be recovered from the customer unless it is for water services provided in the 12-month period ending on the day on which the licensee informed the customer that the customer has not been charged for the undercharged amount.
- (3) The undercharged amount must be the subject of, and explained in —
  - (a) a special bill for the undercharged amount; or
  - (b) a separate item in the next bill.
- (4) The licensee must not charge interest or late payment fees on the undercharged amount.
- (5) The licensee must allow the customer to pay the undercharged amount by way of a repayment plan that has effect for the shorter of the following periods starting on the day on which the bill mentioned in subclause (3)(a) or (b) is issued, as is applicable in the case —
  - (a) a period for the same amount of time in which the undercharging occurred;
  - (b) a period of 12 months.
- (6) Subclauses (2), (4), and (5) do not apply if the undercharging occurred as a result of the fraudulent or illegal conduct of the customer.
- (7) Subclause (4) does not apply if —
  - (a) the licensee has complied with subclause (3); and
  - (b) the customer fails to pay the undercharged amount by the date when payment is due and does not enter into a repayment plan under subclause (5).

- (8) However, subclause (7) does not apply if —
- (a) the licensee has assessed, under its financial hardship policy, that the customer is experiencing financial hardship or that the recovery of the undercharge will result in the customer experiencing financial hardship; or
  - (b) the customer has made a complaint directly related to the undercharged amount to the licensee or the water services ombudsman and —
    - (i) if the complaint has been made to the licensee — the complaint has not been resolved by the licensee, or the complaint has been resolved in favour of the customer; or
    - (ii) if the complaint has been made to the water services ombudsman — the complaint has not been determined or has been upheld by the water services ombudsman.
- (9) Subclause (8)(b)(ii) does not apply unless the licensee has been advised by the water services ombudsman that the customer has made the complaint.

**19. Overcharging in bills**

- (1) This clause applies if —
- (a) a licensee has overcharged a customer by including an amount (the **overcharged amount**) in a bill that should not have been included in the bill; and
  - (b) the customer has paid the bill, including the overcharged amount.
- (2) The licensee must, before the end of the period of 15 business days starting on the day on which the licensee became aware of the overcharging —
- (a) credit the overcharged amount to the customer's account; or
  - (b) send the customer a notice (an **overcharging notice**) informing the customer of the overcharging and recommending options for how the overcharged amount may be refunded to the customer or credited to the customer's account.

**cl. 20**

---

- (3) If the licensee sends the customer an overcharging notice and receives instructions from the customer about the refunding or crediting of the overcharged amount, the licensee must, in accordance with the instructions, refund the overcharged amount, or credit the overcharged amount to the customer's account, before the end of the period of 15 business days starting on the day on which the licensee receives the instructions.
- (4) If instructions from the customer about the refunding or crediting of the overcharged amount are not received by the licensee by the end of the period of 10 business days starting on the day on which an overcharging notice is sent, the licensee must credit the overcharged amount to the customer's account before the end of the period of the next 15 business days.
- (5) The licensee must notify the customer immediately after crediting the overcharged amount to the customer's account under this clause.

**20. Notice of alterations to charges**

- (1) A licensee must notify each of its customers of any change to the amount or rate of a water service charge.
- (2) The notification —
  - (a) must be given not later than when the next bill for a water service charge of that kind is issued under clause 10(2) or 11(2), as the case may be, and sent to the customer under clause 12; and
  - (b) may be included in that next bill.

**21. Review of bills**

- (1) A licensee must review a bill on the customer's request.
- (2) The licensee must inform the customer of the outcome of a review of the customer's bill as soon as practicable but no later than the end of the period of 20 business days starting on the day on which the customer's request for review is received.
- (3) If the licensee does not complete a review before the end of the period of 20 business days under subclause (2), the licensee must notify the customer of the status of the review as soon as practicable after the end of that period.

**22. Review procedure**

- (1) A licensee must have a written procedure (the *review procedure*) for the review of a bill on the customer's request.
- (2) The review procedure must include information about the following —
  - (a) requesting a meter reading or the testing of a meter as mentioned in clause 52(2)(c) and (d);
  - (b) what happens if, on review, it is found that the customer has been undercharged or overcharged;
  - (c) what the customer can do if unsatisfied with the outcome of the review.
- (3) In relation to subclause (2)(c), the review procedure must state that the customer may, but is not required to, use the licensee's complaints procedure mentioned in clause 49 before or instead of —
  - (a) applying to the water services ombudsman under a scheme approved under section 65 in respect of the complaint; or
  - (b) making an appeal from, or applying for a review of, the decision that gave rise to the customer's request for review, if an appeal or review is available under regulations mentioned in section 222(2)(k).
- (4) The review procedure must be publicly available.
