## Bwater Pty Ltd application for water services licence

### Publication of submissions

The Economic Regulation Authority has published 13 submissions received in response to an application from Bwater Pty Ltd (trading as ABCO Water Systems) for a water services licence to provide non-potable water supply and sewerage services at the Green Retirement Village in Gnangara.

The [submissions](#) received largely indicated support of the application.

ABCO Water Systems plans to operate the wastewater treatment plant for the retirement village, which will handle sewage from approximately 290 residences. The treated wastewater will be used for irrigating parts of the adjacent Lakelands Country Club golf course.

The ERA will consider the matters raised in the submissions when it decides whether to grant a water services licence to Bwater Pty Ltd.
