## Portfolio Identification and Material Portfolios

### Determination

The ERA has completed its [portfolio assessment](#) and market power test calculation under the market power mitigation framework. This is the ERA's third determination under Wholesale Electricity Market (WEM) Rules 2.16B.1 and 2.16C.1.

This determination includes:

- each identified portfolio operating in the Wholesale Electricity Market
- results of the market power test calculation and identified material portfolios.

The assessment identified two material portfolios. The determination identifies those facilities in these material portfolios. Market participants with registered facilities in material portfolios have been notified (WEM Rule 2.16C.1(c)).
