Supagas Pty Limited

Decision to transfer gas distribution licence GDL9, grant gas trading licence GTL18 and approve standard form contract

The Economic Regulation Authority has transferred gas distribution licence [GDL9](#) from Wesfarmers Kleenheat Gas Pty Ltd to Supagas Pty Limited and granted gas trading licence [GTL18](#) to Supagas. As part of its [decision](#) to grant the trading licence, the ERA approved Supagas' [standard form contract](#).

The distribution licence authorises Supagas to transport gas through the four liquified petroleum gas (LPG) distribution systems that it recently agreed to acquire from Kleenheat:

- Oyster Harbour, Albany (Great Southern gas supply area)
- Riverslea, Margaret River (Coastal gas supply area)
- Rapids Landing, Margaret River (Coastal gas supply area)
- Leinster (Goldfields-Esperance gas supply area).

The retail operations for the trading licence will cover the supply of LPG to small use customers on the distribution systems in the Great Southern and Coastal gas supply areas only. Further information is available in the ERA's [decision](#).

The operating area maps for GDL9 and GTL18 are available on the [gas licence holders webpage](#).
