<Service Provider> must immediately Deregister the Delivery Point, provided that to do so would not be inconsistent with any applicable Law.

5.7 Receipt Points

- (a) For each Interconnected Pipeline for a Sub-network there is one Receipt Point, regardless of the number of Physical Gate Points between that Interconnected Pipeline and the Sub-network.
- (b) If there is more than one Physical Gate Point for an Interconnected Pipeline for a Sub-network, then:
 - (i) Gas flows at the several Physical Gate Points are to be treated as aggregated into the single Receipt Point;
 - (ii) <Counterparty>'s right to deliver Gas, <Service Provider>'s obligation to receive Gas, and any Curtailment or refusal to accept Gas is taken to occur at the Receipt Point; and
 - (iii) it is not <Service Provider>'s responsibility to manage how Gas deemed to be delivered at a Receipt Point is apportioned between, or physically transported to, Physical Gate Points.

5.8 Receipt Points for Other Gases

- (a) Where a Receipt Point is to be used by <Counterparty> for the delivery of an Other Gas or a Gas Blend into the ATCO GDS then <Counterparty> must comply with such requirements notified by <Service Provider> to <Counterparty> in writing prior to the commencement of supply of the Other Gas or Gas Blend to ensure that the supply of such Other Gas or Gas Blend does not adversely affect:
 - (i) the ability of <Service Provider> to deliver to the System Delivery Points on the ATCO GDS (whether or not used by <Counterparty>) Gas which complies with the Gas Quality Specifications;
 - (ii) the pressure of the ATCO GDS (whether at Receipt Points or System Delivery Points); or

- (iii) the safety or operational integrity of the ATCO GDS.
- (b) An Other Gas or Gas Blend may only be supplied to a Receipt Point if there is a legally enforceable Interconnection Arrangement in force between **<Service Provider>** and the party operating the facilities by which that Other Gas or Gas Blend is supplied and which regulates the terms of that supply.
- (c) The requirements notified by **<Service Provider>** under clause 5.8(a) must be (where relevant) consistent with the requirements of the Interconnection Arrangement referred to in clause 5.8(b).

5.9 Establishment of New Receipt Points

A new Receipt Point (or Physical Gate Point) may only be added to the ATCO GDS if there is:

- (a) a legally enforceable Interconnection Arrangement in force between **<Service Provider>** and the party operating the facilities immediately upstream of that Receipt Point or Physical Gate Point; and
- (b) an agreement in place between **<Service Provider>** and **<Counterparty>** (and/or the operator referred to in clause 5.9(a)) relating to the construction of those facilities and any modifications required to the ATCO GDS to connect the new Receipt Point or Physical Gate Point (including the amounts **<Service Provider>** will charge for making the required modifications to the ATCO GDS and supervising the design, construction and commissioning process). **<Service Provider>** will ensure its charges relating to establishment of the new Receipt Point or Physical Gate Point are reasonable or otherwise determined in accordance with the requirements of any applicable Laws.

6. Gas quality, balancing and pressure

6.1 Gas quality

- (a) **<Counterparty>** must ensure that the Gas that it delivers at a Receipt Point for transportation and delivery through the ATCO GDS complies with the Gas Quality Specifications at all times.
- (b) If a contract that exists in respect of the Interconnection Arrangement for a Physical Gate Point associated with a Receipt Point specified in the Delivery Point Register requires **<Service Provider>** to comply with any gas quality specifications, **<Counterparty>** agrees to be bound by those gas quality specifications.
- (c) **<Counterparty>** acknowledges and agrees that **<Service Provider>**:
 - (i) has no control over the quality of Gas in the ATCO GDS; and
 - (ii) makes no representation, warranty or guarantee in respect of the quality of Gas delivered to **<Counterparty>** under this Service Agreement.

6.2 Notification of Off-specification Gas

If a party becomes aware that Off-specification Gas has been, is being, or may be delivered into the ATCO GDS, it must immediately notify the other party of this in writing.

6.3 Delivery of Off-specification Gas into the ATCO GDS

- (a) If **<Service Provider>** becomes aware that Off-specification Gas has been, is being or may be delivered into the ATCO GDS, **<Service Provider>** may:
 - (i) Curtail deliveries of Gas through any Receipt Point or Delivery Point;
 - (ii) flare, vent or otherwise dispose of any Gas from the ATCO GDS; and
 - (iii) take whatever other steps **<Service Provider>**, acting reasonably, considers necessary or desirable to ensure that Gas within the ATCO GDS complies with the Gas Quality Specifications and does not present a threat to any person or property.
- (b) **<Service Provider>** is under no obligation to deliver to **<Counterparty>** any Off-specification Gas delivered by **<Counterparty>** into the ATCO GDS.

6.4 Liability for Off-specification Gas

- (a) Subject to clauses 6.4(b), <Counterparty> hereby:
- (i) releases <Service Provider> from any claim <Counterparty> has or may have against <Service Provider> as a result of any gas delivered by any person into the ATCO GDS being Off-specification Gas;
 - (ii) indemnifies <Service Provider> against all loss, damage, cost or expense suffered or incurred by <Service Provider> as a result of any gas delivered, or attempted to be delivered, by <Counterparty> or a Related Shipper of <Counterparty> into the ATCO GDS being Off-Specification Gas ; and
 - (iii) indemnifies <Service Provider> against any loss, damage, cost or expense suffered or incurred by <Service Provider> in relation to or connection with any claim brought by any person against <Service Provider> as a result of any gas delivered, or attempted to be delivered, by <Counterparty> or a Related Shipper of <Counterparty> into the ATCO GDS being Off-specification Gas.
- (b) Clause 6.4(a) does not apply to the extent that Off-specification Gas was delivered or sought to be delivered into the ATCO GDS as a result of <Service Provider>'s negligence or default.
- (c) Any amount <Counterparty> is obliged to indemnify <Service Provider> under clause 6.4(a)(ii) or 6.4(a)(iii) will be reduced in proportion to the extent that <Service Provider>'s negligence or default caused or contributed to the loss, damage, cost or expense to be indemnified by <Counterparty>.
- (d) The losses, damages, costs and expenses <Service Provider> may suffer or incur as a result of any Gas delivered, or attempted to be delivered, by <Counterparty> or a Related Shipper of <Counterparty> into the ATCO GDS being Off-Specification Gas include, without limitation, costs arising due to the need to flare or vent Gas including:
- (i) the costs of replacing any flared or vented Gas;
 - (ii) the costs of acquiring (or using up existing) carbon credits to offset emissions due to such flaring or venting;
 - (iii) any penalties or fines payable by <Service Provider> as a result of such venting or flaring.

6.5 Authorised conveyance

- (a) Nothing in this Service Agreement prohibits <Service Provider> from conveying Off-specification Gas through the ATCO GDS where <Service Provider> reasonably believes that the conveyance is necessary for the safety or protection of persons or property.

- (b) **<Service Provider>** will have no liability to **<Counterparty>** for any loss, damage, cost or expense **<Counterparty>** suffers or incurs in relation to or connection with such conveyance, where the loss, damage, cost or expense is a result of the gas being Off-specification Gas.

6.6 Gas balancing

- (a) For each Gas Day, **<Counterparty>** must procure the delivery of an amount of Gas into each Sub-network that is equal to **<Counterparty>**'s good faith estimate, acting as a reasonable and prudent person, of the quantity of Gas likely to be delivered to **<Counterparty>** out of the Sub-network on that Gas Day.

- (b) **<Counterparty>** hereby indemnifies **<Service Provider>** against any loss, damage, cost or expense suffered or incurred by **<Service Provider>** in relation to or connection with any claim brought by any person against **<Service Provider>**, in relation to or connection with any imbalance between the actual quantity of Gas delivered into each Sub-network and the actual quantity of Gas delivered out of the Sub-network on that Gas Day by, to or for **<Counterparty>** or a Related Shipper of **<Counterparty>**, except to the extent that such imbalance results from:

- (i) breach by **<Service Provider>** of this Service Agreement or any Law;
- (ii) the negligence of **<Service Provider>**; or
- (iii) the failure of **<Service Provider>** to act as a reasonable and prudent network operator to mitigate the occurrence of such an imbalance.

- (c) **<Service Provider>** may do all reasonable things to maintain a balance between the sum of quantities of Gas delivered by Users at a Receipt Point and the sum of quantities of Gas taken by Users at Delivery Points in the Sub-network with which that Receipt Point is associated.

- (d) **<Counterparty>** acknowledges and agrees that:

- (i) **<Service Provider>** does not control whether and how the operator of an Interconnected Pipeline delivers Gas into the ATCO GDS at a Receipt Point; and
- (ii) **<Service Provider>** will not be liable to **<Counterparty>**, under this Service Agreement or otherwise, in respect of any loss, damage, cost, expense or other consequence suffered by **<Counterparty>** in relation to or connection with:

- A. a failure by the operator of an Interconnected Pipeline or a Related Shipper of **<Counterparty>** to deliver Gas into the ATCO GDS at a Receipt Point; or

- B. any breach by **<Counterparty>** of this Service Agreement.

- (e) **<Counterparty>** must not, and must ensure that its Related Shippers and Swing Service Providers do not:
 - (i) jeopardise Gas deliveries into a Sub-network in such a way that the Sub-network's system pressure is threatened;

 - (iii) cause any User or other person to suffer loss or damage.
- (f) For each Sub-network, without limiting this clause 6, **<Counterparty>** must ensure that its intra-day Gas flows do not:
 - (i) jeopardise the operation of the Sub-network;
 - (ii) cause the obligation under rule 182 of the Retail Market Procedures to keep the Sub-network pressurised to fall disproportionately on other Users; or
 - (iii) cause any User or other person to suffer loss or damage.
- (g) Nothing in this clause 6.6 limits clause 8.

6.7 Maximum pressure

<Counterparty>:

7. Gas Operations

7.1 Title to Gas

- (a) At all times, **<Counterparty>** must ensure that it has good title to any Gas it causes to be injected into the ATCO GDS, free and clear of all liens, encumbrances and claims of a nature inconsistent with **<Service Provider>**'s operation of the ATCO GDS.
- (b) Title to Gas:
- (i) delivered into the ATCO GDS at a Receipt Point passes to **<Service Provider>** at the Receipt Point; and
 - (ii) delivered out of the ATCO GDS to **<Counterparty>** at a Delivery Point passes to **<Counterparty>** at the Delivery Point, subject to any defect to which the title was subject when it passed to **<Service Provider>** under clause 7.1(a).

7.4 Receipt of Gas

- (a) Only **<Counterparty>** may receive Gas delivered under this Service Agreement by **<Service Provider>** at a Delivery Point.
- (b) **<Counterparty>** has no proprietary interest in Gas after its delivery into the ATCO GDS at a Receipt Point and prior to its delivery at a Delivery Point. - (i) as soon as reasonably practicable **<Service Provider>** will notify **<Counterparty>** in writing of the Interconnection Event, whereupon:

- A. **<Counterparty>** must not deliver Gas into the ATCO GDS at any Physical Gate Point affected by the Interconnection Event, unless **<Service Provider>** permits partial delivery under partial Curtailment at that Physical Gate Point; and
 - B. **<Counterparty>** must not take delivery of Gas at a Delivery Point associated with any Physical Gate Point affected by the Interconnection Event, unless **<Service Provider>** permits **<Counterparty>** to take part delivery of Gas under partial Curtailment at a Delivery Point associated with that Physical Gate Point; and
- (ii) **<Service Provider>**, acting as a reasonable and prudent network operator:
- A. may refuse to accept, partly or wholly, any quantity of Gas at the Receipt Point associated with any Physical Gate Point affected by the Interconnection Event; and

- (e) Subject to clauses 7.6(f) and 21.1, **<Service Provider>** may disclose to an operator of an Interconnected Pipeline information which **<Service Provider>** determines, as a reasonable and prudent network operator, to be the minimum amount of information

required to be disclosed for operational reasons relating to the interconnection of that, or any other, Interconnected Pipeline with the ATCO GDS.

- (f) **<Service Provider>** must use reasonable endeavours to present any information disclosed to the operator of an Interconnected Pipeline under clause 7.6(e) in a form which does not identify details of **<Counterparty>**.

7.7 Delivery facilities installation, maintenance and operation

- (a) Except as provided in this clause 7.7 or as otherwise required by Law, **<Service Provider>** will not be liable to pay compensation for or in respect of, or make good any damage done to, the land or premises of **<Counterparty>** or a Gas Customer by **<Service Provider>** or its officers, servants, or agents acting reasonably in the course of installing, maintaining or operating User Specific Delivery Facilities or Standard Delivery Facilities, whether that damage is of a temporary or permanent character.

- (b) If, in the course of installing, maintaining or operating User Specific Delivery Facilities or Standard Delivery Facilities, **<Service Provider>** causes damage to land or premises of **<Counterparty>** or a Gas Customer by opening or breaking up any sealed or paved surface or damaging or disturbing any lawn, landscaping or other improvement, then **<Service Provider>** will:

- (i) fill in any ground to restore it to approximately its previous level, if necessary; and
- (ii) be liable to reinstate or make good, or pay compensation in respect of, the damage, if and to the extent that **<Service Provider>** fails to act reasonably in the course of the installation, maintenance or operation,

having regard to the safe and efficient operation of the ATCO GDS and prudent Pipeline practices generally accepted in the Gas haulage industry.

- (c) If **<Counterparty>** is required to compensate a Gas Customer for any damage done in circumstances where **<Service Provider>** would be liable in respect of such damage under clause 7.7(b)(ii), then **<Service Provider>** will indemnify **<Counterparty>** to the extent of the lesser of:

- (i) the value of the compensation Gas Customer receives from **<Counterparty>** ; and
- (ii) the value of compensation which would be payable by **<Service Provider>** to **<Counterparty>** under clause 7.7(b)(ii) if the damage had been suffered wholly by **<Counterparty>** instead the Gas Customer.

- (d) Except to the extent that **<Service Provider>** is liable to **<Counterparty>** or a Gas Customer under clause 7.7(b)(ii), **<Counterparty>** hereby:

- (i) releases **<Service Provider>** from any claim **<Counterparty>** has or may have against **<Service Provider>**; and
- (ii) indemnifies **<Service Provider>** against any loss, damage, cost or expense suffered or incurred by **<Service Provider>** in relation to or connection with any claim brought by a Gas Customer,

in respect of any damage done to the land or premises of **<Counterparty>** or a Gas Customer by **<Service Provider>** or its officers, servants, or agents acting reasonably in the course of installing, maintaining or operating User Specific Delivery Facilities or Standard Delivery Facilities and having regard to the safe and efficient operation of the ATCO GDS and prudent Pipeline practices generally accepted in the Gas haulage industry, whether that damage is of a temporary or permanent character.

- (d) take all necessary steps, consistent with good industry practice, to protect its infrastructure and equipment against cyber security attacks.

8. Curtailment

8.1 <Service Provider> to minimise Curtailment

<Service Provider> will, in its operation and maintenance of the ATCO GDS, use reasonable endeavours to minimise the magnitude and duration of any Curtailment of Gas deliveries to <Counterparty> subject to <Service Provider>'s rights under clauses 15.5(b), 16.1 and 16.2(j).

8.2 <Service Provider>'s right to refuse to accept Gas at Receipt Point

In addition to any other rights and remedies that may be available to it under any Law, this Service Agreement (including clauses 6.3(a)(i), 7.6 and 15.5) or any other agreement, <Service Provider> may refuse to accept, wholly or partly, the quantity of Gas delivered to a Receipt Point by <Counterparty> or a Related Shipper of <Counterparty> if one or more of the following events occur:

- (a) <Service Provider> considers, as a reasonable and prudent network operator, that accepting the Gas would be inconsistent with a heating value blending management plan under the Gas Standards Regulations, or otherwise will, or might reasonably be expected to, cause the heating value of the Gas in any part of the ATCO GDS to depart from any requirement in or under the Gas Standards Regulations;
- (b) <Service Provider> considers, as a reasonable and prudent network operator, that acceptance of all or part of the Gas would be unsafe or may give rise to an unsafe situation for the operation of the ATCO GDS;
- (c) any arrangements or operations of <Counterparty> or a Related Shipper of <Counterparty> in relation to the delivery of the Gas breach any Law;
- (d) <Service Provider> considers, as a reasonable and prudent network operator, that to accept the Gas would, or might reasonably be expected to, be or cause a breach of any Law by <Service Provider>, <Counterparty> or any other person;
- (e) either party experiences an event of Force Majeure;
- (f) acceptance of the Gas by <Service Provider> would cause the ATCO GDS to exceed its maximum allowable operating pressure; or
- (g) <Service Provider> is otherwise permitted or required to do so by this Service Agreement or any Law.

8.3 Curtailment Events

In addition to any other rights and remedies that may be available to it under any Law, this Service Agreement (including clauses 6.3(a)(i), 7.6, 8.4 and 15.5) or any other agreement, **<Service Provider>** may wholly or partly Curtail the quantity or pressure of Gas deliveries to **<Counterparty>** at a Delivery Point if one or more of the following events occur:

- (b) **<Counterparty>** or a Related Shipper of **<Counterparty>** is not entitled to have delivered, or fails to have delivered, an equivalent quantity of Gas at one or more Receipt Points on the same Sub-network as the Delivery Point;
- (c) in **<Service Provider>**'s opinion, formed as a reasonable and prudent network operator, **<Counterparty>** is in breach of a provision of the Approved System Pressure Protection Plan or a representation and warranty set out in clauses 18.1(g) or 18.1 (h), or may commit such a breach if no Curtailment is effected;
- (d) the operator of an Interconnected Pipeline, in respect of a particular day has:
 - (i) Curtailed, or has given notice that it intends to Curtail, the entitlement of a Related Shipper to receive Gas at a Receipt Point for the Sub- network on which the Delivery Point is located; or
 - (ii) refused, or has given written notice that it intends to refuse, to deliver Gas to a Related Shipper at a Receipt Point for the Sub-network on which the Delivery Point is located,

and the Related Shipper is, or is likely to be, named in **<Counterparty>**'s allocation instruction under the Retail Market Procedures for the day;

- (e) the level of Capacity of the ATCO GDS falls or remains below that necessary to meet all Users' requirements;
- (f) an Emergency occurs or either party experiences an event of Force Majeure;
- (g) **<Service Provider>** considers, as a reasonable and prudent network operator, that it would be unsafe or may give rise to an unsafe situation or an Emergency (whether for the operation of the ATCO GDS or in respect of anything downstream of the Delivery Point) to deliver Gas to **<Counterparty>** at the Delivery Point;
- (h) **<Service Provider>** considers, as a reasonable and prudent network operator, that to deliver the Gas would, or might reasonably be expected to, be or result in a breach of any Law by **<Service Provider>**, **<Counterparty>** or any other person; or
- (i) without limiting clauses 8.3(f) or 8.3(g), **<Service Provider>** considers, as a reasonable and prudent network operator, that there is, or is a reasonable prospect of, any non-

compliance with any Regulatory Instrument by any person downstream of the Delivery Point;

- (j) **<Service Provider>** is otherwise permitted or required to do so by this Service Agreement or any Law.

8.4 Curtailment for certain activities

<Service Provider> may, in addition to any other rights that may be available to it under this Service Agreement or any Law, at any time:

- (a) by arrangement with **<Counterparty>**; or
- (b) at least 30 days after giving **<Counterparty>** written notice,

wholly or partially Curtail Gas deliveries to **<Counterparty>** to the extent reasonably necessary to permit **<Service Provider>** to undertake any Extension or Expansion of the ATCO GDS, or perform any maintenance or operational activities in relation to the ATCO GDS, that the Service Provider may reasonably require.

8.5 <<Counterparty> to comply with notice of refusal to accept Gas

- (a) In order to enforce a refusal to accept Gas under clause 8.2, **<Service Provider>** may issue a notice to **<Counterparty>** requiring **<Counterparty>** to:
 - (i) cease delivering Gas to a Physical Gate Point, Receipt Point or Receipt Points, and Curtail taking delivery of Gas from any and all associated Delivery Points; and
 - (ii) comply with any other condition necessary to effect the Curtailment or refusal to accept Gas.
- (b) If **<Service Provider>** considers it appropriate, it may include in any notice issued under clause 8.5(a) the reason or reasons for **<Service Provider>**'s refusal to accept Gas.
- (c) **<Counterparty>** must comply with the terms of a notice given by **<Service Provider>** under clause 8.5(a).
- (d) Nothing in this clause 8.5 limits **<Service Provider>**'s rights to refuse to accept Gas in any other way.

8.6 <<Counterparty> to comply with notice of Curtailment

- (a) In order to effect a Curtailment under this Service Agreement, **<Service Provider>** may issue a notice to **<Counterparty>** requiring **<Counterparty>** to:

- (i) Curtail receipt of Gas by **<Counterparty>** at one or more Delivery Points, and Curtail its delivery of Gas to every associated Receipt Point; and
 - (ii) comply with any other condition necessary to effect the Curtailment or refusal to accept Gas.
- (b) If **<Service Provider>** considers it appropriate, it may include in any notice issued under clause 8.6(a) the reason or reasons for the Curtailment.
- (c) **<Counterparty>** must comply with the terms of a notice given by **<Service Provider>** under clause 8.6(a).
- (d) Nothing in this clause 8.6 limits **<Service Provider>**'s rights to effect a Curtailment.

8.7 Service Provider entitled to recover reasonable costs

<Counterparty> must reimburse **<Service Provider>** for all reasonable costs **<Service Provider>** incurs in refusing to accept delivery of Gas under clause 8.2 or Curtailing delivery under clauses 8.3 or 8.4, to the extent that the right to refuse to accept delivery of Gas or Curtail delivery arises from:

- (a) a breach of this Service Agreement by **<Counterparty>**; or
- (b) the negligence of **<Counterparty>** or a Related Shipper of **<Counterparty>**.

8.8 Method of Curtailment or refusal to accept

- (a) When exercising its rights under clauses 8.2, 8.3 or 8.4 **<Service Provider>** will determine, acting as a reasonable and prudent network operator:
- (i) the quantity of Gas that it refuses to accept delivery of and the Receipt Points at which it will refuse to accept; or
 - (ii) which Delivery Points it will Curtail and the order of that Curtailment,
- as the case may be.
- (b) **<Service Provider>** may exercise its rights under clauses 8.2, 8.3 or 8.4 even though the need for refusal to accept delivery of Gas or for Curtailment is caused or contributed to by one or more other Users.
- (c) **<Service Provider>** will, where practicable, use reasonable endeavours to provide **<Counterparty>** with reasonable warning of the magnitude, starting time and expected duration of a refusal to accept delivery of Gas under clause 8.2 or a Curtailment under clause 8.4, and the reasons for the refusal to accept or Curtailment (as the case may be).

- (d) In the event that the magnitude or expected duration of a refusal to accept delivery of Gas or a Curtailment is materially different to that described in a warning under clause 8.8(c), then **<Service Provider>** will, where practicable, use reasonable endeavours to provide **<Counterparty>** with reasonable ongoing notice of the likely magnitude and expected duration of the refusal to accept or Curtailment (as the case may be).
- (e) Without limiting clause 6.6, despite **<Service Provider>**'s rights under clauses 8.2, 8.3 and 8.4, **<Counterparty>** acknowledges that:
 - (i) **<Counterparty>** is responsible for balancing the Gas it delivers to a Sub-network on a Gas Day with the quantity of Gas it receives from the Sub-network on that Gas Day; and
 - (ii) **<Service Provider>** has no obligation to wholly or partly refuse to accept delivery of Gas or Curtail the amount or pressure of Gas deliveries to **<Counterparty>** for the purpose of avoiding swing service on a Sub-network on a Gas Day.

9. Metering

9.1 Operating meters

<Service Provider> must ensure that User Specific Delivery Facilities and Standard Delivery Facilities for Reference Services are designed, adjusted, operated and maintained:

- (a) so as to achieve the best accuracy of measurement which is, having regard to the nature and duration of this Service Agreement and the magnitude of <Counterparty>'s Contracted Peak Rate, technically and economically feasible; and
- (b) consistently with:
 - (i) the Regulatory Instruments; and
 - (ii) the standard of a reasonable and prudent network operator acting efficiently, in accordance with accepted good industry practice.

9.2 Use of Gas Quality Data from other locations

- (a) <Service Provider> may use:
 - (i) historical Gas Quality Data and Meter data; and
 - (ii) Gas Quality Data and Meter data from Meters at one or more other locations, to estimate the quality and quantity of Gas delivered to a Delivery Point.
- (b) In the absence of manifest error, the rates and quantities so calculated by <Service Provider> bind the parties.

9.3 Access to the Delivery Point and relevant land and premises

- (a) <Counterparty> acknowledges that <Service Provider>'s ability to provide a Reference Service to <Counterparty> in respect of a Delivery Point is subject to <Counterparty> ensuring that <Service Provider> and its officers, agents, employees and contractors have unfettered access to the land and premises on, or through which, the Standard Delivery Facilities or the User Specific Delivery Facilities are to be, or are, installed:
 - (i) during the term of this Service Agreement; and
 - (ii) if applicable, until the Delivery Point is Deregistered.

- (b) **<Counterparty>** must use reasonable endeavours, including obtaining all leases, licences and easements materially necessary, to provide or procure such unfettered access to the relevant land or premises in a timely manner.
- (c) If **<Service Provider>**:
- (i) does not have unfettered access to the relevant land or premises as described in clause 9.3(a);
 - (ii) considers, acting reasonably, that **<Counterparty>** has not used reasonable endeavours in accordance with clause 9.3(b); and
 - (iii) as a consequence incurs a cost in order to obtain access to the land or premises that it would not have incurred had unfettered access been provided,
- then **<Service Provider>** may, acting reasonably, require **<Counterparty>** to pay an amount determined by **<Service Provider>** as reasonable to recover that cost.
- (d) **<Service Provider>**'s rights under this clause 9.3 are in addition to, and do not limit, any other entitlement of **<Service Provider>** under this Service Agreement or any Law to be paid an amount where the activities required to be undertaken by **<Service Provider>** in consideration for payment include accessing the land or premises on, or through which, the ATCO GDS or any Standard Delivery Facilities or User Specific Delivery Facilities are, or are to be, installed.

10. Invoicing and Payment

10.1 Invoicing

- (a) **<Service Provider>** may claim payment, twice a month in arrears, of Charges and other amounts payable by **<Counterparty>** under this Service Agreement, by issuing to **<Counterparty>** a written payment claim prepared in accordance with clause 10.1(d) (**Payment Claim**).

 - (i) within 3 Business Days after receiving the Payment Claim, give <Service Provider> a written notice (**Payment Dispute Notice**) specifying:
 - A. the full details of the dispute; and
 - B. the amount <Counterparty> considers should be payable instead of the amount set out in the Payment Claim (**Alternative Payment Amount**); and
 - (ii) pay the undisputed portion (if any) of the amount in accordance with clause 10.2(a) along with any other undisputed amounts invoiced in the Payment Claim.
- (b) If <Counterparty> does not give <Service Provider> a Payment Dispute Notice in respect of a Payment Claim within the period specified in clause 10.3(a)(i), then, clause 10.2 will apply and, if <Counterparty> wishes to dispute the Payment Claim, it must do so in accordance with clause 10.4.
- (c) Where <Counterparty> gives <Service Provider> a Payment Dispute Notice under clause 10.3(a)(i), <Service Provider> must, within 5 Business Days after receiving it, give <Counterparty> a written notice (**Response Notice**) specifying either:
 - (i) that <Service Provider> agrees to the Alternative Payment Amount specified in the Payment Dispute Notice, in which case the Payment Claim is deemed to be modified in accordance with the Response Notice and <Counterparty> must pay the Alternative Payment Amount (to the extent it exceeds any amount required to be paid under clause 10.3(a)(ii) (as that amount must be paid within

 - B. the time required for **<Counterparty>** to satisfy its obligations under this Service Agreement as determined by **<Service Provider>**, acting reasonably.
- (c) The parties acknowledge that any amount determined under clause 16.2(b) is based on a forward estimate of the Reference Services to be provided under this Service Agreement. If, in **<Service Provider>**'s reasonable opinion, the amount of the Approved Security required under clause 16.2(b) has increased since the date of **<Service Provider>**'s most recent notice under that clause 16.2(b), **<Service Provider>** may, not more frequently than monthly, give **<Counterparty>** a further notice under clause 16.2(b) specifying a revised amount required to be the subject of Approved Security under this Service Agreement, and **<Counterparty>** must provide an additional or replacement Approved Security such that this revised amount is secured by Approved Security.
- (d) The parties:
 - (i) acknowledge that the Tariffs applicable to Reference Services will change from time to time (including due to CPI escalation) ; and
 - (ii) agree that as those Tariffs change:
 - A. the total amount required to be secured under this clause 16.2 will be adjusted to reflect the change in those tariffs; and
 - B. accordingly, **<Counterparty>** must provide, in addition to the existing secured amount or amounts, an additional or replacement Approved Security such that the amount of this adjustment is secured, within 5 Business Days of being notified by **<Service Provider>** of the revised amount of Approved Security required.
- (e) If, in the opinion of **<Service Provider>**, **<Counterparty>** has defaulted under this Service Agreement, **<Service Provider>** may call on or apply any Approved Security without notice to **<Counterparty>** and, in **<Service Provider>**'s sole discretion, apply the Approved Security or the proceeds of it towards remedying the default and/or compensating **<Service Provider>** for any loss or damage caused by the default.
- (f) If **<Service Provider>** calls on or applies all or part of any Approved Security, **<Counterparty>** must give **<Service Provider>** an additional or a replacement Approved Security within 5 Business Days of being given notice to do so by **<Service Provider>**, so

that the amount referred to in the latest notice issued for the purposes of clause 16.2(b) (as adjusted in accordance with clause 16.2(d)) is secured.

- (g) If **<Service Provider>** has called on or applied the Approved Security and, after **<Counterparty>**'s default has been remedied and/or **<Service Provider>** has been compensated for any loss or damage caused by the default, there are surplus funds held by **<Service Provider>**, **<Service Provider>** may hold that surplus as security for the prompt performance of **<Counterparty>**'s obligations under this Service Agreement until **<Counterparty>** replaces the Approved Security. Upon receipt of a replacement Approved Security which complies with the requirements of this clause 16.2, **<Service Provider>** will, within 5 Business Days, return those surplus funds to **<Counterparty>** or (at **<Service Provider>**'s option), apply those funds in or towards any payment due from **<Counterparty>** to **<Service Provider>** which has not been paid when due.
- (h) Subject to clause 15.9(d), **<Service Provider>** will return the Approved Security to **<Counterparty>** on the later of:
 - (i) the expiration or termination of this Service Agreement; and
 - (ii) completion of all of **<Counterparty>**'s duties and obligations under this Service Agreement (including payment to **<Service Provider>** of any damages arising from any breach of this Service Agreement by **<Counterparty>**) to the satisfaction of **<Service Provider>**.
- (i) Any failure by **<Counterparty>** to comply with one or more of its obligations under this clause 16.2 constitutes a default under clause 15.1, with any failure by **<Counterparty>** to provide Approved Security or increase the amount which may be claimed under any Approved Security treated as a failure by **<Counterparty>** to pay **<Service Provider>** an amount equivalent to the required amount of that Approved Security or the increased amount required (whichever is applicable).
- (j) Without limiting any other remedies which may be available to it, **<Service Provider>** may wholly or partly refuse to accept delivery of Gas at a Receipt Point, Curtail Gas deliveries to **<Counterparty>** at a Delivery Point or reduce or suspend any service to **<Counterparty>** under this Service Agreement unless and until **<Counterparty>** has provided each Approved Security in the form and for the amount determined under this clause 16.2.
- (k) If the Approved Security is to be provided by way of bank guarantee, the bank guarantee must be in the form set out in Annexure B (or such other form as is acceptable to **<Service Provider>**).

16.3 Security Bond – Specific Provisions

- (a) **<Service Provider>** is only required to accept a Security Bond as Approved Security if **<Service Provider>** is able to register its interest in that Security Bond on the Personal

Property Securities Register and if that interest will have priority over any other registered or unregistered interest in that Security Bond.

- (b) Where **<Service Provider>** accepts a Security Bond then it will hold the funds constituted by the Security Bond in such Australian bank account as determined by **<Service Provider>** in its absolute discretion. **<Service Provider>** has no obligation to ensure that account pays interest or any given level of interest.
- (c) Any interest which does accrue on a Security Bond will be treated as income of **<Counterparty>**. When paid by the relevant bank such interest will be added to the amount of the Security Bond.
- (d) Any bank fees or other third party costs of maintaining the bank account may be met from the amount of the Security Bond (including interest added to that Security Bond). If as a result the amount of the Security Bond is reduced below the then current amount of Approved Security then **<Counterparty>** must, within 5 Business Days of request, provide to **<Service Provider>** such additional funds as required to ensure that the amount of the Security Bond is equal to the amount of Approved Security required to be provided under this Service Agreement.
- (e) At the end of each quarter of a calendar year **<Service Provider>** will determine if the amount of the Security Bond (including interest added to that Security Bond) exceeds the current amount of Approved Security **<Counterparty>** is required to provide to **<Service Provider>**. If so, **<Service Provider>** will, within 45 days of the end of the quarter, return to **<Counterparty>** an amount of cash equal to the amount by which the Security Bond exceeds the required amount of Approved Security.
- (f) Where **<Service Provider>** is entitled to call on an Approved Security which is a Security Bond pursuant to clause 16.2(e) this means that **<Service Provider>** may withdraw funds from the relevant bank account and apply them in accordance with clause 16.2(e).

16.4 PPSA

- (a) **<Security Provider>** may register a financing statement or financing change statement in relation to any Security Interest created by this Service Agreement under the PPSA.
- (b) **<Counterparty>** acknowledges and agrees that it is liable for all costs, charges and expenses incurred by **<Service Provider>**:
 - (i) in preparing and registering a financing statement or a financing change statement in relation to any Security Interest created by this Service Agreement, under the PPSA; and
 - (ii) in responding to requests for information about any Security Interest created by this Service Agreement, under Part 8.4 of the PPSA.

- (c) If Chapter 4 of the PPSA would otherwise apply to the enforcement of a Security Interest arising out of this Service Agreement, to the extent the law permits, **<Counterparty>** and **<Service Provider>** agree that:
- (i) for the purposes of sections 115(1) and 115(7) of the PPSA;
 - A. **<Service Provider>** need not comply with sections 95, 121(4), 125, 130, 132(3)(d) or 132(4) of the PPSA; and
 - B. sections 142 and 143 of the PPSA are excluded; and
 - (ii) for the purposes of section 115(7) of the PPSA, **<Service Provider>** need not comply with sections 132 and 137(3) of the PPSA
- (d) **<Counterparty>** waives the right to receive any notice under the PPSA (including notice of a verification statement) unless the notice is required by the PPSA and cannot be excluded.
- (e) If **<Service Provider>** exercises a right, power or remedy in connection with this Service Agreement, that exercise is taken not to be an exercise of a right, power or remedy under the PPSA unless **<Service Provider>** states otherwise at the time of exercise. However, this clause 16.3(e) does not apply to a right, power or remedy which can only be exercised under the PPSA.

16.5 Insurances

- (a) Each party must obtain adequate insurance to meet its obligations in relation to insurance under this Service Agreement.
- (b) **<Counterparty>** must meet **<Service Provider>**'s minimum insurance and prudential requirements, including requirements as to its ability to meet all financial obligations under this Service Agreement. Unless otherwise agreed in writing, the minimum insurance requirements are:
- (i) a third party liability insurance including product liability policy that includes cover for **<Counterparty>**'s and a Related Shipper's liability in the event that Gas that enters the ATCO GDS causes loss of, or damage to, the ATCO GDS that:
 - A. is with an insurer with a Standard & Poors rating of "A" or higher or as approved by **<Service Provider>**;
 - B. names **<Service Provider>** as a separate insured;
 - C. shall include a cross liability clause in which the insurer agrees to waive all rights of subrogation or action against any of the persons constituting the insured and for the purpose of which the insurer

accepts the term 'insured' as applying to each of the persons constituting the insured as if a separate policy of insurance had been issued to each of them (subject always to the overall sum insured not being increased); and

- D. is in the amount of not less than \$50,000,000 for any one occurrence, or some other amount as reasonably specified by **<Service Provider>** from time to time; and
- (ii) workers' compensation insurance that:

- (c) **<Service Provider>** may require **<Counterparty>** to provide evidence of the matters in clause 16.5(a) and **<Counterparty>** will provide that evidence within 15 Business Days of receipt of a written notice from **<Service Provider>** directing the evidence be provided.
- (d) **<Counterparty>** will inform **<Service Provider>** in writing within 10 Business Days of:
- (i) receipt of notification from an insurer of the insurer's intention to cancel the insurances referred to in this clause 16.5; or
 - (ii) **<Counterparty>** determining that it intends to change its insurer.
- (e) **<Service Provider>** must:
- (i) obtain and maintain insurance throughout the term against whatever risks a person carrying on a business of managing and operating a gas delivery network, substantially similar to the ATCO GDS, would prudently insure, with reputable insurers;

- (ii) give **<Counterparty>** a certificate of currency for the insurance, whenever reasonably requested;
- (iii) promptly notify **<Counterparty>** if **<Service Provider>** fails to obtain any insurance required under this Service Agreement.

17. Liability of Parties

17.1 Liability for negligence and default limited to direct damage

- (a) Subject to clauses 17.1(c) and 17.3, if a party:
- (i) is negligent in any matter relating to or arising out of this Service Agreement;
or
 - (ii) defaults in respect of any obligation to the other party under this Service Agreement,

then the party is liable to the other party (including its directors, servants, consultants, independent contractors and agents) for, and indemnifies the other party (including its directors, servants, consultants, independent contractors and agents) against, any loss, damage, cost or expense to the other party caused by or arising out of the negligence or default.

- (b) Each party holds the benefit of the indemnity on its own behalf and also holds it on trust for their respective directors, servants, consultants, independent contractors and agents (each an “**Indemnified Person**”) with respect to each of them to the extent the Indemnified Person cannot directly enforce that indemnity for its own benefit. Despite this trust, the parties may agree to amend this Service Agreement without requiring the consent of each Indemnified Person.

- (c) **<Service Provider>** is not liable to **<Counterparty>** for loss, damage, cost or expense caused by or arising out of:
- (i) any refusal to accept Gas at a Receipt Point or Curtailment undertaken in accordance with this Service Agreement or any Law;
 - (ii) any non-delivery of Gas into the ATCO GDS where non-delivery has not been caused, or contributed to, by **<Service Provider>** (and any refusal to accept Gas at a Receipt Point or Curtailment undertaken in accordance with this Service Agreement does not amount to **<Service Provider>** causing or contributing to the non-delivery); or
 - (iii) **<Service Provider>** otherwise acting in accordance with its rights under this Service Agreement or any Law.

17.2 Liability for fraud

- (a) A party who is fraudulent in relation to this Service Agreement is liable to the other party for, and indemnifies the other party against, any loss, damage, cost or expense in

relation to any claim brought by any person against the other party, suffered or incurred by the other party in relation to the fraud.

- (b) The exclusion of Indirect Damage in clause 17.3 does not apply to clause 17.2(a).

17.3 No liability for Indirect Damage

Except where this Service Agreement expressly provides otherwise, to the extent permitted by Law, neither party is in any circumstance to be liable to the other party for any Indirect Damage, whether under this Service Agreement or any Law, in relation to a matter related to, or arising out of, this Service Agreement.

17.4 Extended operation of clause 17.3

To the extent that **<Service Provider>** is not liable to **<Counterparty>** as a result of clause 17.3, then if a Downstream Person makes a claim against **<Service Provider>** in respect of any matter connected with or arising out of a Curtailment, restriction or cessation of Gas flow, then **<Counterparty>** must indemnify and keep indemnified **<Service Provider>** against any liability to a Downstream Person which would exceed **<Service Provider>**'s liability to **<Counterparty>** if the claim were brought by **<Counterparty>** rather than the Downstream Person.

17.5 No liability arising out of any approval by <Service Provider>

Without limiting the generality of clause 17.3, **<Service Provider>** is not, except as provided in clauses 17.1 and 17.2, in any circumstances liable to **<Counterparty>** for any injury, death, loss or damage (including Indirect Damage), caused by or arising out of any approval by **<Service Provider>** of any design, location or construction of, or proposed operating or maintenance procedures in relation to, any equipment, apparatus, machine, component, installation, cable, pipe or facility connected to, or adjacent to and associated with, the ATCO GDS.

17.6 Saving of contractual payments

Nothing in clauses 12, 15 or 17 limits the liability of either party to make all payments due under this Service Agreement.

17.7 Each limitation separate

Each limitation and exclusion under this Service Agreement and each protection given to **<Service Provider>** or **<Counterparty>** or to their respective directors, servants, consultants, independent contractors and agents under this Service Agreement is a separate limitation, exclusion or protection, applying and surviving even if for any reason any other provision of this Service Agreement is held void or inapplicable in any circumstances.

17.8 Mitigation of loss

Each party must comply with its duty to mitigate any loss, damage, cost or expense suffered by it as a result of any breach or negligence of the other party in connection with this Service Agreement.

17.9 Exercise and survival of indemnities

- (a) An obligation to indemnify under this Service Agreement will be discharged by payment in full by the indemnifying party to the indemnified party (or to such person as the indemnified party nominates) within 20 Business Days after the date the indemnified party provides written notice to the indemnifying party setting out adequately detailed grounds for, and specifying the full quantum of, the claim for indemnification.
- (b) It is not necessary for a party to incur expense or make payment before enforcing a right of indemnity under this Service Agreement.
- (c) The right of a party indemnified under this Service Agreement to receive payment under the indemnity survives any termination of this Service Agreement.

17.10 Australian Consumer Law liability as between <Counterparty> and <Service Provider>

- (a) Pursuant to section 64A of the Australian Consumer Law, this clause 17.10:
 - (i) applies in respect of goods or services supplied under this Service Agreement which are not of a kind ordinarily acquired for personal, domestic or household use or consumption; but
 - (ii) will not apply if a party establishes that reliance on the clause would not be fair and reasonable.
- (b) The liability of <Service Provider> for failure to comply with a guarantee under Division 1 of Part 3-2 of the Australian Consumer Law (other than a guarantee under section 51, 52 or 53) in respect of goods is limited to any one of the following as determined by <Service Provider>:

or

 - (i) the supplying of the services again; or
 - (ii) the payment of the cost of having the services supplied again.
- (d) No clause in this Service Agreement excludes, restricts or modifies or has the effect of excluding, restricting or modifying the application of Division 1 of Part 3-2 of the Australian Consumer Law, the exercise of a right conferred under that Division or the liability of the Service Provider for failure to comply with a guarantee under that Division, to the extent that doing so would render the clause void.
- (e) This clause 17.10 prevails over any other provision of this Service Agreement with which it is inconsistent.

18. Representations and Warranties

18.1 <Counterparty> representation and warranties

<Counterparty>, by entering into this Service Agreement, represents and warrants to <Service Provider> that:

- (b) Service A1 is a Reference Service provided under this Service Agreement by which **<Counterparty>** may take delivery of Gas at a Delivery Point on the ATCO GDS, and where:
 - (i) at the time **<Counterparty>** submitted its Application for Service A1 at a Delivery Point:
 - A. it was reasonably anticipated that **<Counterparty>** would take delivery of 35 TJ or more of Gas during each Year that **<Counterparty>** requested to obtain access to Service A1 at that Delivery Point; and
 - B. **<Counterparty>** requested a Contracted Peak Rate for the Delivery Point of 10 GJ or more per hour; and

4. Gas Pressure

- (a) Subject to clause 4(b) of this Schedule 1 and any applicable Laws, the Nominal Delivery Pressure at which **<Service Provider>** will deliver Gas to **<Counterparty>** is:
 - (i) unless the parties agree that a particular pressure is to apply as the Nominal Delivery Pressure, the Nominal Delivery Pressure associated with the User Specific Facilities at the Delivery Point; or
 - (ii) if the parties agree that a particular pressure is to apply as the Nominal Delivery Pressure, the agreed pressure.

$$OC = OSR \times Q \text{ Overrun}$$

where:

OC = the Overrun Charge payable by <Counterparty> to <Service Provider> for the Delivery Point for the month;

OSR = the "Overrun Service Rate" which is calculated by multiplying the Usage Charge Rate for the Delivery Point for the month by 200; and

Q Overrun = the total for the month of each gigajoule or part of a gigajoule of Gas in excess of <Counterparty>'s Contracted Peak Rate that was delivered to <Counterparty> at the Delivery Point during a period of time in which <Counterparty>'s Instantaneous Flow Rate exceeded its Contracted Peak Rate.

- (b) Despite any provision to the contrary, a requirement under this clause 8 of this Schedule 1 to pay an Overrun Charge in respect of a gigajoule or part of a gigajoule does not relieve <Counterparty> of the obligation to pay the Charge determined under Tariff A1, or any other Charge payable under this Service Agreement, or any applicable Law, in respect of that gigajoule or part gigajoule.
- (c) If <Counterparty>'s Instantaneous Flow Rate exceeds its Contracted Peak Rate for a Delivery Point on:
 - (i) 3 or more days during any 30 day period; or
 - (ii) 8 or more days during a Year,

then <Service Provider> must, as soon as reasonably practicable, notify <Counterparty> of this fact and of whether:

- (iii) **<Service Provider>** is prepared to, having regard to the restrictions and pre-conditions specified in the Application Procedure, increase **<Counterparty>**'s Contracted Peak Rate, in which case **<Counterparty>** must within 10 Business Days elect between:
- A. an increase in its Contracted Peak Rate, with effect from the last of the days referred to in clause 8(c)(i) or 8(c)(ii) of this Schedule 1, as applicable, so that it is equal to the highest Instantaneous Flow Rate at the Delivery Point during the days referred to in 8(c)(i) or 8(c)(ii), as applicable, in which case **<Service Provider>** will increase the Contracted Peak Rate for that Delivery Point and update the Delivery Point Register; and
 - B. **<Service Provider>** installing, and to **<Counterparty>** paying the costs of **<Service Provider>** acquiring and installing, a flow control device at the Delivery Point which will regulate Gas deliveries to **<Counterparty>** to no more than the Contracted Peak Rate, in which case **<Service Provider>** may install, and **<Counterparty>** must pay the costs of **<Service Provider>** acquiring and installing, a flow control device at the Delivery Point which will regulate Gas deliveries to **<Counterparty>** to no more than the Contracted Peak Rate,
- and if **<Counterparty>** does not so elect within 10 Business Days, **<Service Provider>** may make the election on **<Counterparty>**'s behalf; or
- (iv) **<Service Provider>** is not prepared, having regard to the restrictions and pre-conditions specified in the Application Procedure, to increase **<Counterparty>**'s Contracted Peak Rate in accordance with this clause 8 of this Schedule 1, in which case **<Service Provider>** may install, and **<Counterparty>** must pay the costs of **<Service Provider>** acquiring and installing, a flow control device at the Delivery Point which will regulate Gas deliveries to **<Counterparty>** to no more than the Contracted Peak Rate.

9. Deregistering and Permanent Removal of a Delivery Point

- (a) Subject to clause 5.6 of this Service Agreement **<Service Provider>** may permanently remove a Delivery Point. To effect this, **<Counterparty>** needs to engage **<Service Provider>** to provide the Reference Service of Deregistering a Delivery Point and the non-reference service of "Remove the meter set and make safe".
- (b) **<Service Provider>** will permanently Deregister the Delivery Point by:
 - (i) permanently removing the Delivery Point in accordance with the Retail Market Procedures; and
 - (ii) removing the Delivery Point from the Delivery Point Register, in the manner it considers appropriate.

- (c) **<Service Provider>** will notify **<Counterparty>** in writing once the Delivery Point has been Deregistered.
- (d) If **<Service Provider>** Deregisters the Delivery Point, then **<Counterparty>** must also contract the non-reference service “Remove the meter set and make safe” so as to obtain removal by Service Provider of the User Specific Delivery Facilities.
- (e) **<Counterparty>** must pay **<Service Provider>** the applicable Reference Tariff specified in Annexure C of the Access Arrangement as varied by the Reference Tariff Variation Mechanism for the Deregistration of the Delivery Point and reimburse Service Provider all reasonable costs incurred by **<Service Provider>** in providing the “Remove the meter set and make safe” non-reference service (and with time of **<Service Provider>** personnel charged at **<Service Provider>**’s standard personnel rates for non-reference services).
- (f) If **<Counterparty>** cancels its request before **<Service Provider>** Deregisters, or attempts to Deregister, the Delivery Point, then **<Counterparty>** must pay the relevant Reference Tariff specified in Annexure C of the Access Arrangement as varied by the Reference Tariff Variation Mechanism.
- (g) **<Service Provider>** is not required to provide the Reference Service of Deregistering a Delivery Point and the non-reference service of “Remove the meter set and make safe” if **<Service Provider>** considers (acting reasonably) this would breach a Law.
