WEM Procedures: Portfolio Determination and ERA Triggering the SESSM

Publication of Procedure Change Reports and WEM Procedures

The Economic Regulation Authority has completed the two Procedure Change Processes to update two Wholesale Electricity Market (WEM) Procedures, following recent changes made to the WEM Rules.

The completed Procedure Change Processes are:

1. [EEPC 2024 03](#): Review of the WEM Procedure: Portfolio Determination.
2. [EEPC 2024 04](#): Review of the WEM Procedure: ERA Triggering the Supplementary Essential System Services Mechanism (SESSM).

In September 2024, the ERA published the Procedure Change Proposals and draft WEM Procedures for stakeholder feedback. The ERA received three submissions on the Portfolio Determination WEM Procedure and no submissions on the ERA Triggering the SESSM Procedure.

The revised WEM Procedures: [Portfolio Determination](#) and [ERA Triggering the SESSM](#) (version 2) take effect from 27 November 2024.
