Mid-West and South-West Gas Distribution Systems

Reference Tariff Variation – 1 January 2025

The Economic Regulation Authority has approved an annual reference tariff variation for the ATCO Gas Australia's Mid-West and South-West Gas Distribution Systems (GDS) to apply from 1 January 2025. The approved reference tariffs are consistent with the ERA's approved access arrangement for ATCO's GDS, released on 8 November 2024.

The GDS access arrangement includes provisions for an annual tariff variation to account for differences between the forecast and actual inflation.

The new reference tariffs are effective from 1 January 2025. ATCO's proposal and the approved reference tariffs are available on the ERA [website](#).
