1 SUPPLY OF ELECTRICITY

We will sell electricity to you at the *premises* in accordance with these terms and conditions. These terms and conditions apply to the sale of electricity to all customers who pay the *standard price* for electricity.

2 CODE OF CONDUCT

The *Code of Conduct (For the Supply of Electricity to Small Use Customers)* 2004 regulates the conduct of electricity retailers, network operators and electricity marketing agents. The Code of Conduct is designed to protect the interests of residential and small business users.

Matters covered by the Code of Conduct include electricity marketing, billing, connection, payment difficulties and financial hardship, disconnection, reconnection, pre-payment meters in remote communities, information and communication, customer service charters, dispute resolution, record keeping and compensation payments to customers for breaches of the Code of Conduct.

If you are a customer who consumes less than 160 megawatt hours of electricity per annum, we will supply electricity to you under this contract in compliance with the Code of Conduct. Accordingly, where these terms and conditions deal with a subject matter that is covered by the Code of Conduct, then we will act consistently with the relevant provisions of the Code of Conduct.

You can obtain more information about the Code of Conduct from us or the Office of Energy.

3 WHEN THE CONTRACT STARTS

If you have requested us to supply electricity over the telephone, the *contract* begins on the date that you accept our offer to supply electricity to you. Otherwise, the *contract* begins on the date that both you and we sign the *contract*.

4 CHARGES AND REBATES

4.1 Standard price

You must pay to us the standard price that applies to you.

4.2 What are standard prices?

There are two main types of *standard prices* available: residential prices and non-residential prices.

In addition, there are also different types of residential prices and non-residential prices. Some examples of these are the business price, community service price and the charitable accommodation price.

Whether a particular *standard price* applies to *you* will depend on *you* meeting the eligibility conditions for that *standard price*.

For an explanation of the *standard prices* available and the eligibility conditions applying to those *standard prices*, please visit *our* website or call *us*.

If we change the standard prices, we will notify you of the changes in the standard prices in your next bill.

4.3 Which standard price do you pay?

Your bill will show which *standard price you* are paying. Please advise *us* if *you* wish to choose a different *standard price* from the price appearing on *your* bill. If *you* meet the relevant eligibility conditions, *we* will change the *standard price* that applies to *you* to the *standard price* of *your* choice.

The new *standard price* will be effective from the date that *your* meter was last read. In some cases, *we* may need to adjust the *meter* at *your premises* in order to provide *you* a different *standard price*. In that case, the new *standard price* will be effective when *your* meter is adjusted. Please note that there may be a separate charge for *meter* adjustments. For an explanation of these charges, please visit *our* website or call *us*.

4.4 Eligibility conditions on standard price

You must advise us as soon as possible if you no longer meet the eligibility conditions applying to the standard price that you currently pay.

If we discover that you are no longer eligible to receive the price that you currently pay, then we can advise you in writing of the new standard price that you must pay instead of the price that you currently pay.

If you have been undercharged for your electricity supply because you were being charged at a standard price that you were not eligible to receive, then we can require

you to pay to us the amount that you have underpaid for a period of up to 12 months prior to the date that we advise you of the new standard price.

4.5 Rebates

If you are eligible for a rebate and you apply to us, we will provide that rebate to you. You can contact us if you have any queries about any rebates.

4.6 Eligibility conditions on rebates

If you are no longer eligible for a rebate, you must advise us as soon as possible.

If we discover that you are no longer eligible for a rebate, then we will advise you in writing that you will not be receiving any further rebates. We can also require you to pay to us the amount that you have underpaid for a period of up to 12 months prior to the date that we advise you that you will not receive the rebate.

5 HOW WE WILL CALCULATE YOUR ELECTRICITY USE

5.1 Meter reading

We use meter readings to prepare your bill. We will use our best endeavours to ensure that we read the meter once every billing cycle. However, you can agree to read the meter yourself and provide us with the meter readings. In that case, we will bill you on the basis of your meter readings.

In any event, we will use our best endeavours to ensure that we read the meter at your premises at least once every 12 months.

If we cannot reasonably base a bill on our reading of the meter, then we will provide you with an estimated bill based on:

- (a) your reading of the meter; or
- (b) *your* prior billing history; or
- (c) if we do not have your prior billing history, the average usage of electricity by those customers who we consider are in a comparable position to you (generally by location or usage pattern).

If we have provided you with an estimated bill and we subsequently obtain a meter reading, then your next bill will be adjusted to take account of that meter reading.

5.2 You can request a meter test

You can ask us to test the meter to ensure that it is measuring accurately and we will arrange to test the meter if you first pay to us a meter testing fee. If we find that the meter is not measuring accurately, then we will refund the meter testing fee to you.

If the *meter* is not measuring accurately, *we* will also arrange to either repair or replace the *meter* at no charge to *you*.

By "accurate", we mean the meter is measuring as accurately as the law requires.

6 BILLS

6.1 When we will bill you

We will bill you in accordance with the billing cycle that we set for our customers from time to time. As an indication, our billing cycle is no more than once every one month and no less than once every three months.

6.2 Paying your bill

You must pay the total amount payable for each bill by the due date specified in that bill. The due date will be at least 12 *business days* from the date of the bill.

You can find out the range of payment options that *you* can choose from by referring to *your* bill, by visiting *our* website or by calling *our* customer service centre.

6.3 If you are having trouble paying

If you are having trouble paying your bills, please advise us. We will assess your request within 3 business days of your request and we will offer you assistance (for example, instalment plans) in accordance with our payment difficulties and financial hardship policy if you qualify for that assistance.

6.4 If you do not pay your bill

- (a) If *you* do not pay the total amount payable for any bill by the due date, then *we* can:
 - (1) send a disconnection warning to you; and
 - (2) charge *you* a fee for each overdue account notice we send to *you*; and
 - (3) charge you interest on the amount you have not paid; and
 - (4) disconnect *your* electricity supply; and
 - (5) shorten *your* billing cycle.
- (b) If you do not pay the total amount payable for any bill after we send a disconnection warning to you, then we can refer your debt to a debt collection agency for collection and if we do so, you must pay any costs that we incur in connection with the recovery of the unpaid bill (including the agency's fees and legal fees).
- (c) If *you* pay a bill and the payment is dishonoured or reversed and, as a result, *we* have to pay fees to any other person, *you* must reimburse *us* for those fees.

6.5 Billing data

If *you* consume less than 50 MWh of electricity per annum, *we* will give *you* the billing data for the premises upon request. This information will be free of charge:

- a) for the first 2 requests that you make in a year; and
 - i. if the data requested is for a period less than the last 2 years, or
 - ii. if you request the billing data in relation to a dispute with us.

7 REVIEWING YOUR BILL

7.1 Reviewing a bill

If you have a query about your bill and you ask us to review the bill, then we will review it.

In the meantime, *you* must pay to *us* the balance of the bill that is not being queried or an amount equal to the average amount of *your* bills over the previous 12 months (excluding the bill that *you* are querying), whichever is less. If *you* have any other bills that are due, then *you* must also pay those bills by the due dates.

7.2 Undercharging and overcharging

(a) If we undercharge you for any reason (including where the meter has been found to be defective), we can require you to make a correcting payment and we will offer you the option to pay the correcting payment by instalments. In any

- event, we will only require you to make a correcting payment for amounts undercharged in the 12 months prior to the date that we advise you that you have been undercharged.
- (b) If we overcharge you for any reason (including where the meter has been found to be defective), then we will credit the amount to your account or you have the option of having the amount repaid to you. The 12 month limit referred to in clause 7.2(a) does not apply to amounts that we have overcharged you.

8 ELECTRICITY SUPPLY EQUIPMENT AND YOUR EQUIPMENT

8.1 Electricity supply equipment

The *electricity supply equipment* remains our property at all times and *we are* responsible for installing and maintaining the *electricity supply equipment*.

You must not do anything that will damage or interfere with the *electricity supply* equipment or use electricity in a way that interferes with that equipment.

"Electricity supply equipment" means the *meter* and all wiring, apparatus or other works which are located up to the point that the *meter* is attached to the *premises* and which are used for, or in connection with, the supply of electricity by *us*.

8.2 Your equipment

You are responsible for keeping your equipment in good working order and condition.

"Your equipment" means all wiring and other equipment located at the *premises* which are used to take supply of or consume electricity except any *electricity supply equipment*.

8.3 Prohibited activity

You must not:

- tamper with, bypass, circumvent or otherwise interfere with the *electricity supply equipment*, or do anything that will prevent *us* from accessing the *electricity supply equipment*, or allow anyone else to do so; or
- (b) use electricity in a way that interferes with the supply of electricity to anyone else or causes loss to anyone else.

9 MOVING PREMISES

9.1 New electricity connection

If you move into the *premises* and it does not already have an existing electricity connection, then we will sell you electricity from the day that we connect the *premises* to the network and energises the *premises*.

9.2 Existing electricity connection

If you move into the *premises* and it has an existing electricity connection, then we will charge you for electricity supplied to the *premises* from the date that the *meter* at the *premises* was last read, unless you read the *meter* and advise us of the *meter* reading within 3 business days of the day that you move in.

9.3 Moving out of the premises

(a) If *you* move out of the *premises* and no longer wish to obtain an electricity supply at the *premises*, *you* must advise *us*:

- (1) if the *premises* are in the Albany, Bunbury, Geraldton, Kalgoorlie or Perth metropolitan area, at least 3 *business days* before *you* move out; or
- (2) if the *premises* are outside the metropolitan areas named above, at least 5 *business days* before *you* move out; and
- of an address where the final bill can be sent.
- (b) If *you* advise *us* as described in clause 9.3(a), and *you* move out of the *premises* at the time specified in *your* notice, then *we* will make a final meter reading on the day that *you* move out of the *premises* and issue a final bill to *you*. In that case, *you* are only required to pay for electricity used up to the day *you* move out of the *premises*.
- (c) If *you* have demonstrated to *us* that *you* were evicted from the *premises* or were otherwise required to vacate the *premises* and *you* consume less than 160 MWh of electricity per annum, we will not require *you* to pay for electricity consumed at the premises from the date that *you* advise *us* of the following:
 - (1) the date that you vacated or intend to vacate the premises; and
 - (2) a forwarding address to which a final bill may be sent.
- (d) If *you* do not advise *us* as described in clause 9.3(a) then subject to any applicable laws, *we* may require *you* to pay for electricity used at the *premises* for up to a maximum of 5 days after *we* discover that *you* have moved out of the *premises*.
- (e) If *your* final bill is in credit after *you* have paid *us* all amounts payable under clause 9.3(b) or (c), then *you* can choose to have *us* credit *your* new account with this amount or repay the amount to *you*.

10 ACCESS TO THE PREMISES

- (a) You must let us or persons nominated by us have safe and unrestricted access to the premises when we need it:
 - (1) to read the *meter*, or
 - (2) to inspect or work on the *electricity supply equipment*; or
 - (3) to disconnect *your* electricity supply; or
 - (4) to inspect or work on *your equipment*; or
 - (5) for any other reason relating to the supply of electricity to the *premises*.
- (b) We will give you at least 5 business days notice before we enter the premises unless:
 - (1) we want to inspect, read or examine the meter or any of the electricity supply equipment or your equipment; or
 - (2) in an *emergency*; or
 - (3) if *we* reasonably suspect that electricity is being used illegally at the premises,

in which case, we may enter the *premises* without notice.

- (c) We may enter your premises for the above reasons and in that case, we are required to give you the appropriate notice where required.
- (d) A person entering the *premises* on *our* behalf will clearly display identification that identifies the person as our employee or agent and show his or her identification to *you* if *you* ask to see it.

11 PERSONS DEPENDENT ON LIFE SUPPORT EQUIPMENT

11.1 Eligibility conditions on life support

You must advise *us* if *you* or a person residing at the *premises* is dependent on life support equipment and give *us* written confirmation from an appropriately qualified medical practitioner that the person requires life support equipment.

You must advise *us* as soon as possible if *you* or a person residing at the *premises* who is dependent on life support equipment vacates the *premises* or no longer requires life support equipment.

11.2 Interruptions

If you have advised us (or we are otherwise aware) that you or a person residing at the premises is dependent on life support equipment, then we will give you at least 3 business days' written notice of the interruption before we disconnect or interrupt electricity supply at the premises. However, in an emergency, we can interrupt your electricity supply without giving you prior notice.

11.3 Disconnections

If you have advised us (or we are otherwise aware) that you or a person residing at the premises is dependent on life support equipment, then we cannot disconnect your electricity supply because you fail to pay us a bill by the due date.

12 INTERRUPTIONS TO YOUR ELECTRICITY SUPPLY

12.1 Emergency

We can interrupt or disconnect your electricity supply at any time without notice to you in an emergency, if we are permitted or required by law. We will use our best endeavours to turn your electricity on again as soon as possible.

If we disconnect your electricity supply because you cause that emergency, then we will reconnect your electricity supply when you ask us to do so and we are satisfied that the emergency no longer exists. In that case, we can also charge you a fee for reconnecting your electricity supply.

12.2 Planned work on distribution system

We can interrupt or disconnect your electricity supply at any time if we need to carry out planned work on a distribution system. We will advise you directly if it needs to carry out planned work.

12.3 Events beyond your control

If an *event occurs which is beyond your control* and that *event* affects *your* ability to perform any of *your* obligations under this *contract, you* must tell *us* immediately and *you* will not be required to perform that obligation for as long as the *event* continues. However, *you* must pay *your* bill by the due date shown on the bill, even if an *event occurs which is beyond your control*.

12.4 Events beyond our control

If an *event occurs which is beyond our control* and that *event* affects *our* ability to perform any of *our* obligations under this *contract,* then *we* are not required to perform that obligation for as long as the *event* continues. If such an *event* occurs and *we* consider it appropriate to do so, *we* may notify *you* of the *event* by a public announcement (for example, on television, radio or in a newspaper).

12.5 Disconnection due to your actions

We can arrange to disconnect *your* electricity supply, acting in accordance with clause 12.6 and any applicable laws, if:

- (a) you fail to pay a bill in full by the due date shown on the bill; or

- (c) you commit a fraud relating to our supply of electricity to you at the premises or any other premises; or
- (d) you get electricity supplied to the premises illegally;
- (e) you fail to keep your equipment in good working order or condition; or
- (f) you get electricity supplied to the *premises* in breach of this *contract*.

12.6 Things we must do before disconnecting your electricity supply

If <u>we</u> wish to disconnect *your* electricity supply because *you* fail to pay a bill within the meaning of clause 7.1 of the *Code of Conduct, we* will:

- (a) give *you* a *reminder notice* not less than 13 business days from the date that *we* sent *you* the bill; and
- (b) if you still have not paid us after the reminder notice, then give you a disconnection warning not less than 18 business days from the date that we sent you the bill, advising you that we will disconnect you on a day that is at least 5 business days after you receive the disconnection warning; and

Unless *you* have requested *us* to disconnect *your* electricity supply or *we* are required to disconnect *your* electricity supply due to an *emergency*, *we* will not arrange for disconnection:

- (g) if *you* have made a complaint in relation to the reason for disconnection and that complaint has not been resolved;

12.7 Reconnection of electricity supply

If your electricity supply is disconnected under clause 12.5, then *we* will arrange to reconnect *your* electricity supply when *you* ask *us* to reconnect your electricity supply and *we* are reasonably satisfied that the circumstances giving rise to the disconnection no longer exist.

For example, the circumstance giving rise to the disconnection may no longer exist because *you* provide access to the *premises* and the *meter or we* are reasonably satisfied

that *you* cannot continue to obtain *your* electricity in the unauthorised way and *you* have paid all amounts owing to *us* under this *contract* (or made an arrangement to pay them).

Before we arrange to reconnect your electricity supply under this clause 12.7, you must pay us:

- (a) all reasonable costs we incur in disconnecting your electricity supply; and
