### **ADDENDUM TO AMENDED DRAFT DECISION ON THE PROPOSED ACCESS ARRANGEMENT FOR THE GOLDFIELDS GAS PIPELINE**

On 29 July 2004, the Economic Regulation Authority (**Authority**) issued its Amended Draft Decision on the proposed Access Arrangement for the Goldfields Gas Pipeline (**Amended Draft Decision**).

This is to advise that the Authority has today issued an addendum to the Amended Draft Decision.

The addendum contains:

- (a) the calculation used by the Authority to derive the Depreciated Actual Cost of the Goldfields Gas Pipeline, stated at paragraph 99 of the Amended Draft Decision to be \$434 million at 31 December 1999;
- (b) the calculation used by the Authority to determine the residual asset value for the Goldfields Gas Pipeline consistent with the past determination of tariffs, stated at paragraph 150 of the Amended Draft Decision to be \$495 million at 31 December 1999; and
- (c) the calculation used by the Authority to determine the Reference Tariffs set out at paragraph 407 of the Amended Draft Decision.

As these calculations are based in part on confidential information provided by Goldfields Gas Transmission Pty Limited, the addendum will not be made available on the public register.

If the Authority is able to resolve the outstanding confidentiality claims, it will make available a public version of the addendum at that time.
