Dear Paul

UPDATE OF FIVE OPERATING AREAS

The Corporation has requirements to amend five Operating Areas: Bridgetown Potable Water Supply; Bremer Bay Potable Water Supply; Denmark Sewerage Services and Karratha Potable Water Supply and Sewerage Services. The reasons for amending each of these Operating Areas vary.

There has been a request by a developer to service lots outside of our Operating Area in Bridgetown. As the Bridgetown Regional Operating Area already extends into the Shire of Donnybrook-Balingup we have taken the opportunity to extend the Bridgetown Regional Operating Area (OWR-OA-105 F) to entirely cover this Donnybrook-Balingup Shire. We have renamed the drawing, Bridgetown Donnybrook Potable Water Supply Operating Area, to better describe the area. A corresponding deletion of the current Donnybrook Potable Water Supply Operating Area (OWR-OA-161 D) will be required.

The Bremer Bay Caravan Park has asked for the Water Corporation to provide it with a potable water supply service. The Operating Area (OWR-OA-016 C) has been extended to include the Caravan Park.

The Corporation has recently updated its planning for Denmark Sewerage services. There are opportunities for properties to connect into the Water Corporation Sewerage system within the planning boundary but outside of the current Operating Area. To be able to provide for these services the Denmark Sewerage Operating Area (OWR-OA-226 B) has been amended to cover the new sewerage planning boundary.

The Water Corporation has been requested to provide Potable Water Supply and Sewerage Services to some mining worker's accommodation camps outside of both the Water Supply and Sewerage Operating Areas in Karratha. The West Pilbara Water Supply Operating Area (OWR-OA-157-1 G) has been extended to the West Pilbara Water Supply Controlled area boundary, excluding Dampier. The Karratha Sewerage Services Operating Area (OWR-OA-075 D) has been extended to the Karratha Controlled Area boundary.

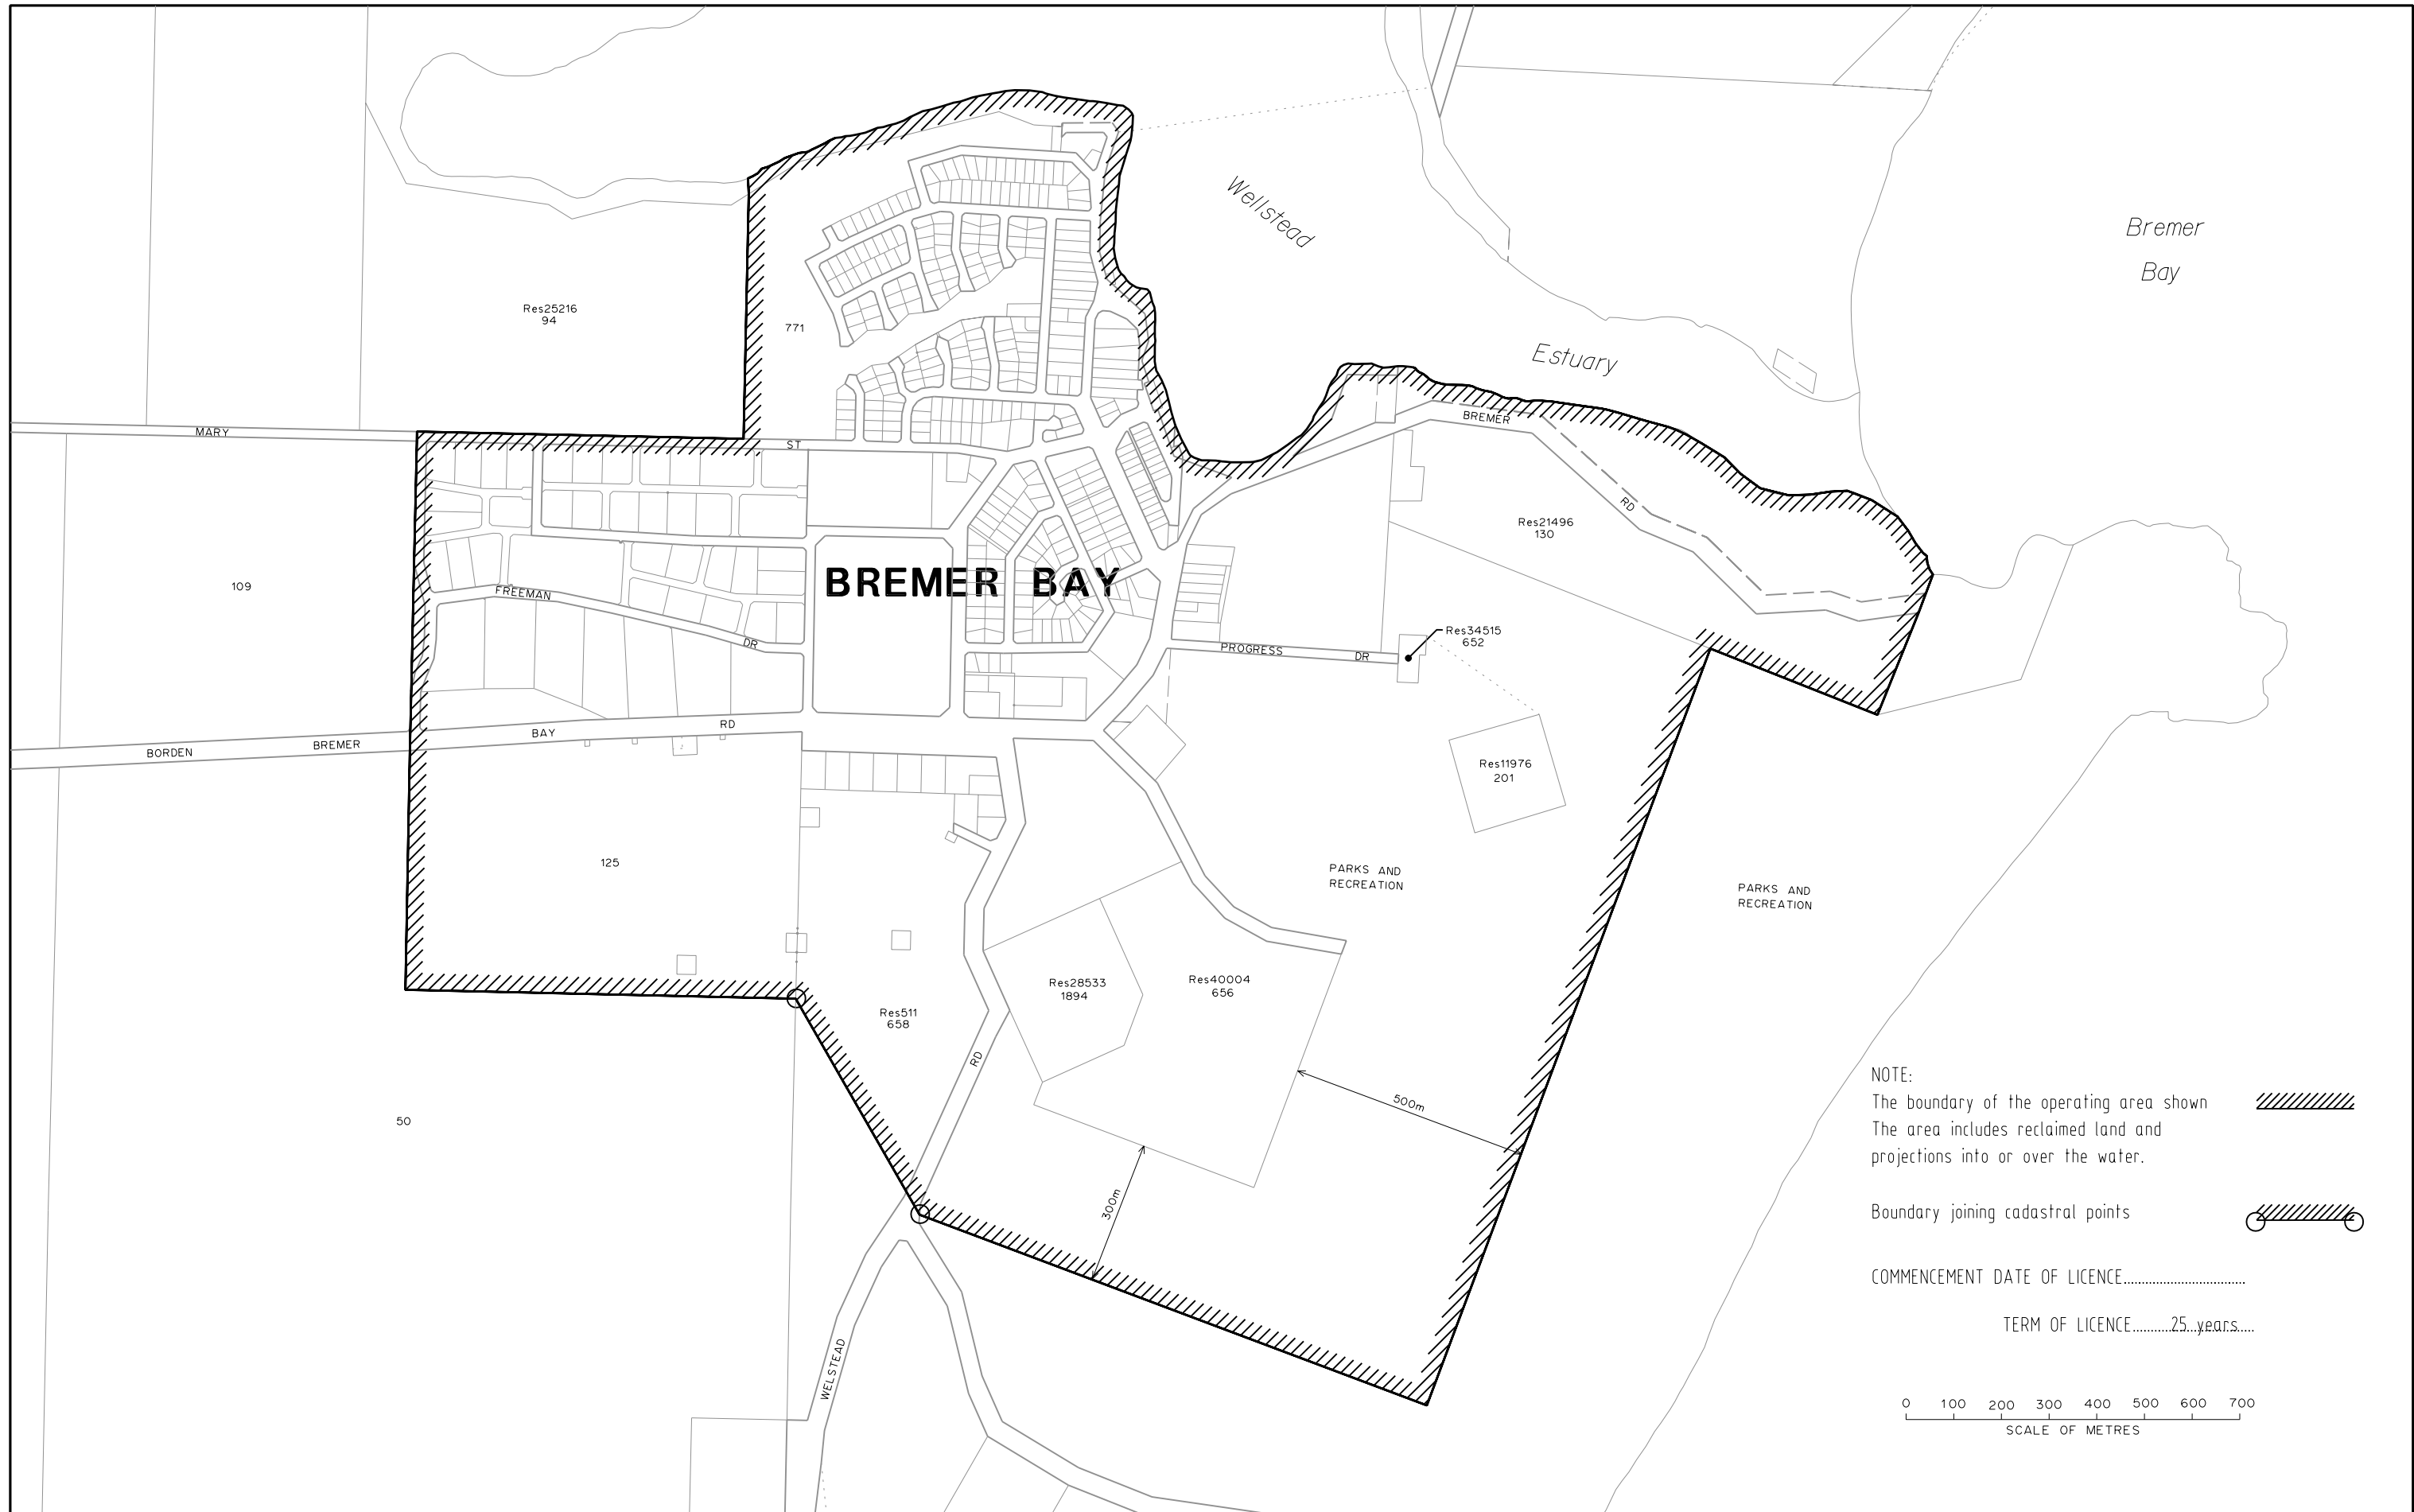

The Operating Area drawings OWR-OA-105 G, OWR-OA-016 D, OWR-OA-226 C, OWR-OA-157 H (previously OWR-OA-157-1) and OWR-OA-075 E have been amended and are attached, with supporting sketches. The Corporation requests approval of these amended Operating Area drawings. Deletion of the following drawings are also requested:

Donnybrook Water Supply	OWR-OA-161 D	Superseded OA
West Pilbara Water Supply (detail)	OWR-OA-157-2 G	Detail not required

If you require further information on this application please do not hesitate to contact Meghan Andrews on 9420 3448.

Yours sincerely

Mandy Damant
