Mr Lyndon Rowe  
Chairman  
Economic Regulation Authority  
Level 6, Governor Stirling Tower  
197 St Georges Terrace  
PERTH WA 6000

Dear Mr Rowe

### **Goldfields Gas Pipeline - Expansion of Capacity**

Goldfields Gas Transmission Pty Ltd (GGT) is currently expanding the capacity on the Goldfields Gas Pipeline (GGP) via the installation of a compressor station at Neds Creek. The compressor station is currently in the process of being commissioned and is due to come into operation around mid August 2009.

GGT elects that under section 10.3 (c) of the GGT Access Arrangement (approved 14 July 2005 and subsequently amended and approved by the Authority on 17 December 2008) the capacity created by the addition of the compressor station at Neds Creek will not be covered.

GGT has established administrative and accounting systems to address issues relating to the ring-fenced accounts for the covered capacity of the GGP.

Please feel free to contact me to discuss this matter if you have any questions.

Yours sincerely

**David A King**  
General Manager
